

## Scissor lift truck ZAC-GO

### Why the ZAC-GO?

The ZAC-GO scissor lift truck with frame transports palletised goods weighing up to 1000 kg to a lifting height of 830 mm. Unlike the other ZAC models, the frame allows the device to roll even when the pallet is at full lifting height.

- Perfect lifting height of 830 mm for **ergonomic order picking**
- **Fork length of 1115 mm** for one-way and Euro pallets (EPAL 1) and pallet cages
- Maximum load capacity of **1000 kg**
- Secure stand thanks to robust frame
- Thanks to its high lifting height, it is particularly suitable for **order picking work** in warehouses and as a practical **lifting platform or** workbench

- The corrosion-resistant **polyurethane (PU) tyres** are durable and abrasion-resistant
- **Rounded fork tine tips** for easy and safe entry into the pallet

## Technical data

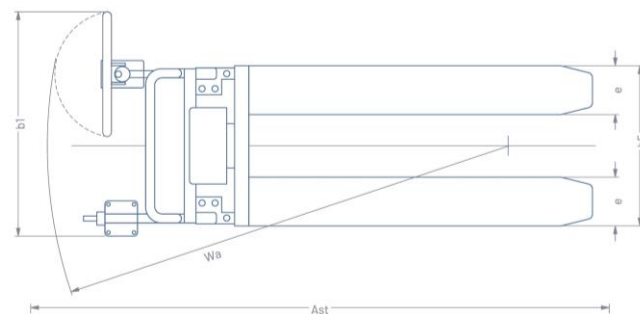

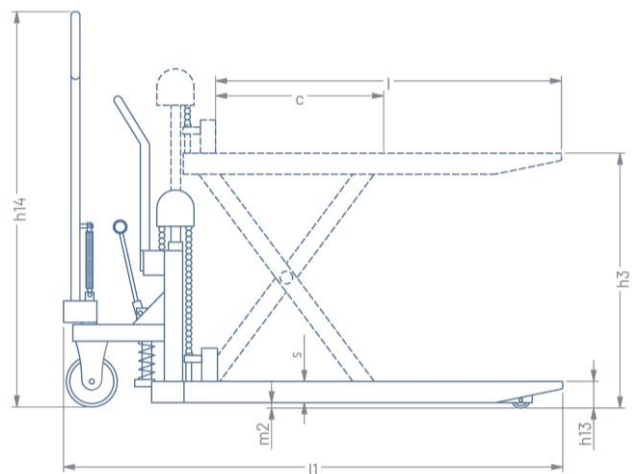

### ZAC-GO scissor lift truck

#### DIMENSIONS

Fork length	1115 mm	l
Width	520 mm	b1
Length	1652 mm	l1
Fork width outside	520 mm	b5
Ground clearance	85 mm	m2
Distance between forks	200 mm	
Drawbar height	1277 mm	h14
Fork width single	160 mm	e
Load centre of gravity	600 mm	c
Turning radius	1624 mm	Wa
Min. aisle width (EPAL1 Euro pallets)	1840 mm	Ast

#### GENERAL

Load capacity	1000 kg
Material	Steel
Weight	130 kg
Drive type	manually

#### STROKE

Lifting height (h3)	830 mm
Effective Stroke (h12)	745 mm
Mobile up to height	830 mm

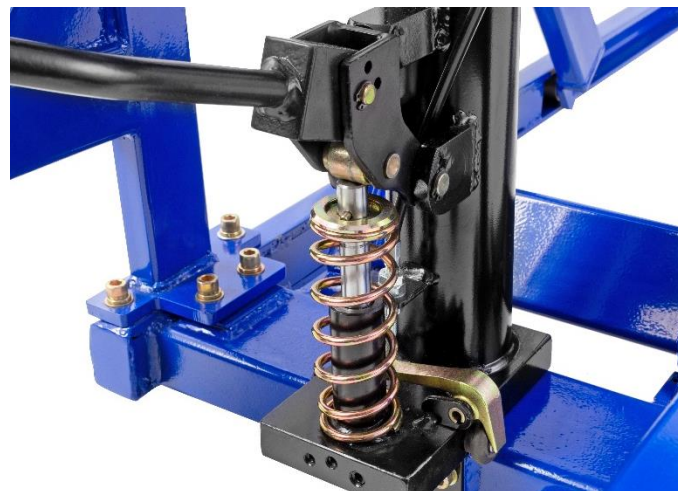

#### TYRES

Tyre material	Polyurethane (PU)
Track roller	Single
Diameter of rollers	75 mm
Castor diameter	152 mm
Infeed rollers	No

We are continuously improving our products. For this reason, technical data may change without prior notice. You can find details of our manufacturer's guarantee "Basic guarantee" in our guarantee declaration. The pallet truck complies with EU safety regulations.
