# NEW PRODUCT!

Announcement Number: S052820001

## TransGo Part number # 48RE-HD2 48RE Reprogramming Kit™

Fits 2003-on 48RE gas and diesel  
Does not fit hybrid converted valve bodies

# Up to 38% more holding capacity for hard working trucks

Specifically engineered for hard working trucks that tow or haul heavy loads, our **48RE-HD2** Reprogramming Kit™ is calibrated to deliver line pressure boost increases to match additional horsepower and load.

Quick, clean shifts that really hold the power, delivering over 30% more line pressure throughout all forward gears.

	Max Factory psi	Max TransGo psi	*Line increase
1st	105	145	38%
2nd	105	145	38%
3rd	105	145	38%
4th	137	180	32%
Lock-up	137	180	32%

### INCLUDES:

- Calibrated, more robust valve body separator plate
- Redesigned boost assembly
- Drop-in USA-made hardened TV valve and spring
- Innovative line-to-lube components
- New TCC boost tuning plate and bracket
- High-temp low shrink sealing rings
- Detent repair components
- Many more upgraded components to increase durability and extend longevity
