Our video gaming lounge and Esports training facility is the first of its kind on the coastal bend area.

Schlitterbahn® Corpus Christi Waterpark daily operations beginning May 31

Prepare for your exhilarating Schlitterbahn® Waterpark experience in Corpus Christi. Enjoy our waterpark rides, rivers, heated swim-up bars, cabanas, exclusive party beaches and kid's splash zones. Our early season waterpark attractions include a heated pool with swim-up bar at Reef's Cabana Bay, Lil' Skipper's Cove, the perfect place for your little ones to splash in the Kid's Zone, and our twin water racing slides Bahn Blaster and Bay Blaster. Also open is the Torrent "tidal wave" River, a Schlitterbahn technology, which sends a tidal wave through a canyon-like waterway every 20 seconds, taking tubers and swimmers to great heights.

Soft launch season opener was April 27 (check [this link](#) for the complete schedule). In addition to the attractions open in the spring, you can also enjoy Buccaneer Bay, a low-speed, shallow-water area with lots of splashy fun for the young and the young at heart, or catch a wave on our inland surfing ride, the Boogie Bahn, with 50,000 gallons of water per minute creating the perfect surfing experience - on land. There's also the Cliffhanger, a fast-moving tube chute - if you enjoy a little swift water, you'll love the Cliffhanger! Comal Pass is a tube ride that feels a lot like floating the Comal River in the Texas Hill Country. Winding around the waterpark, Comal Pass is the longest lazy river in the Schlitterbahn® Waterpark system. And, of course, the Sky Blaster, one of two major blaster towers at our park, which reaches 46 feet high and runs for a full 385 feet. While you're waiting for your turn to ride on the Sky Blaster you'll have a great view of the entire park.

Schlitterbahn® Waterparks across Texas are celebrating 40 years of family fun with an anniversary party on June 21, 2019
