Welcome

Trebah Garden is an awarding-winning valley garden with its very own secluded private beach on the Helford River. Created over 180 years ago, it has more than 5000 plants from around the world, with over 25 acres and 4 miles of paths to wander.

We offer visitors a year round experience. In spring, Trebah comes alive with a colourful array of 100 year old rhododendrons, magnolias and camellias; in summer, the giant gunnera is a must see for young and old. In autumn, Hydrangea Valley casts clouds of china blue and soft white across Mallard Pond, and in winter our spectacular champion trees dominate the landscape, whilst plants from the southern hemisphere flower.
