

# TRENDSHIM

## FIND YOUR RING SIZE

### YOUR PRINTABLE RING SIZER FROM TRENDSHIM

## THE STRING TEST

- Wrap a piece of dental floss or string around the part of your finger you want to measure. Make sure it's very tight. Most people order rings too large.
- Where the string overlaps, mark that spot with a pen.
- Measure the distance between the two marks in millimetres. This is the circumference of your finger and equivalent to your ring size (EU size).
- Check the chart below for UK and US sizes.
- If you're between two sizes, we recommend that you round down to the next size.
- Buy your favourite ring.

## US SIZE CHART

US size	4 1/4	4 1/2	4 5/8	5	5 1/8	5 3/8	5 1/2	5 7/8	6	6 1/4	6 1/2	6 3/4
