DESIGN INSPIRATION

Since its opening 20 years ago, Trump International Hotel & Tower has maintained its status of one of the elite luxury hotels in New York City. This year's refresh further affirms the hotel's prestigious status and embodies the brand's key design pillar.

The hotel's famed Central Park views provided the inspiration for the interior design renovation. A collaboration among Trump Hotels, Eric Trump, Trump Construction and New York-based design firm, Total Resource Associates Inc., the renovation creates a first class, ultra-sophisticated ambiance reflecting the hotel's vibrant New York City location.

DESIGN DETAILS

With the current trend moving toward a more contemporary look, with cooler, crisper interiors, the renovation incorporates modern upgrades to the hotel's guestrooms, suites and common spaces. A sophisticated soft gray palette sets the stage for a re-design that is at once innovative and timeless, crisply contemporary and warmly welcoming. The refresh includes a total refresh of the hallways, including carpeting, a fresh color palette and lighting; guestrooms and suites updating, featuring a modern color palette, sparkling LED chandeliers, wall sconces, crown molding, carpeting, fixtures, upholstery and bedding; and guestroom and suite bathrooms renovation, featuring stainless steel Kohler fixtures, glass-enclosed showers, new soaking tubs and vanities.

Details:

- Furniture refinishing and repurposing combines with selective new furniture and fresh accessories.
- Redesigned, sleek bed frames
- New consoles, coffee and side tables

- Highly maintainable, custom-designed, solution-dyed carpet for rooms and corridors; woven wood wall coverings and cleanable wall surfaces.
- Installation of efficient, environmentally friendly LED lighting.
- New corridor chandeliers and custom wall sconces.
- Art collection reframed in silver leaf frames.
- Addition of deep crown and base moldings in crisp white.
- Refreshed pantries in guest suites with new back splashes and hardware.
- Color palette: soft gray, crisp white. Select rooms highlighted with touch of marine blue or amethyst.

DESIGN FIRM

Launched in 1992, Total Resource Associates, Inc. is a full service interior design firm with a portfolio featuring a wide range of projects: corporate offices and boardrooms, product showrooms, hospitality, historic restoration (interior/exterior), and corporate aircraft interiors. The firm employs a design philosophy that blends architectural integrity with creative design on every project. Through the use of materials and finishes, furniture and furnishings, company principles Mary Montray and Linda Willis integrate client involvement with the highest design standards. Projects range in size from 500 square feet to over 1,000,000 square feet of interior space. Total Resource Associates, Inc. was officially awarded status as a Woman-Owned Business Enterprise in 2004 by the State of New York. In 2009, TRA became a certified WBE by The Port Authority of New York and New Jersey. <http://totalresourceassociates.com/>
