

“From the moment we contacted Trump Turnberry with our initial enquiry to the moment we left the day after our wedding, we were blown away by venue, the setting and the level of service we received by the fantastic staff.

Nothing is ever too much trouble, every query we had was dealt efficiently, professionally and with a smile.

We cannot commend the hotel and staff highly enough, everything was absolutely perfect which is testament to the hard work and dedication of the friendly staff that ensured that our day was just perfect. We would recommend anyone who is looking for that special venue to host their wedding; Trump Turnberry is absolute perfection in every way.”

TO HAVE & TO HOLD  
A TRULY MEMORABLE WEDDING

“The staff at Turnberry couldn’t do any more for us. I had two coordinators who were fantastic and made sure everything ran smoothly from the moment we arrived. My wedding dress and bridesmaid dresses were taken to be steamed as soon as we arrived and brought back quickly – nothing was too much trouble. Everyone was so friendly and welcoming and each one of my guests were delighted with the hotel.

I would highly recommend Turnberry, it’s my favourite place and I wish we lived closer to Scotland to return as often as possible. The views, the location, the food, everything was perfect – I don’t have one fault and the staff are incredible. I still have friends saying the food is the best they’ve ever tasted. The Donald J. Trump Ballroom is a real fairytale room – it’s breathtaking.”
