

CERTIFICATIONS + STANDARDS

Material Construction

- 9 mm Polyester (PET) Felt
- 5 mm Polyester (PET) Felt
- 3 mm Polyester (PET) Felt

Recycled Content

- Contains 60% pre-consumer recycled content

Product Certifications

- DECLARE® Red List Free (9 MM + 3 MM)
- HPD (9 MM)
- REACH® Compliant
- Intertek Certified Clean Air GOLD

SUSTAINABILITY declarations for all TURF products

At Turf we develop products that are both architecturally beautiful and environmentally responsible. Our PET felt contains up to 60% recycled content, and both 9 MM and 3 MM products are Declared Red List Free. We're continually innovating to ensure that Turf products contribute to your sustainably certified projects. Don't see one of the tests or standards you're looking for? Reach out and we'll get you the solution. How easy is that!

Project Contributions

• LEED Scoreboard

When used as a part of an overall strategy, all Turf products can help contribute to LEED points (v4) in the following categories:

- Building Product Disclosure and Optimization: Material Ingredients, MRc4 Option 2
- Building Product Disclosure and Optimization: Sourcing of Raw Materials: MRc3 Option 2 Recycled Content; contains 60% pre-consumer recycled content
- Environmental Quality: Low Emitting Interiors EQc2, Acoustic Performance EQc9

ONGOING WORK

We're continuing to work on developing our sustainability mission by pursuing additional documentation for our 5 MM and 3 MM products:

- DECLARE® Red List Free (5 MM)
- HPD (3 MM + 5 MM)

• WELL Certification v1 and v2 Building Standards

- Feature 74: Exterior Noise Intrusion
- Feature 78: Reverberation Time
- Feature 80: Sound Reducing Surfaces
- Feature 81: Sound Barriers
- X14 Part 1: TURF 9MM and 3MM products carry a DECLARE® Label and are certified Red List Free
- Feature S04: Sound Absorption

• LIVING BUILDING Challenge

- 08. Healthy Interior Environment: CDPH Compliant
- 10. Red List Free (9 MM + 3 MM)
- 12. DECLARE® Label, Red List Free (9 MM + 3 MM)
