

MESSAGE GROUPS - BUY HAPPY WEEK 3 - NOVEMBER 4

LEADERSHIP THOUGHT:

The “Buy Happy” series takes an honest look at the materialistic culture we live in. As a leader, know that the message content and questions can hit very close to home in the realm of finances and pushes those in your group to tap into a truly fulfilling “God first” life over a life that is centered on material possessions alone.

ICEBREAKER:

Has someone ever broken your trust - what does that feel like? Why is trust such an important quality in any relationship?

DISCUSSION QUESTIONS

- **Q:** *If it really is true that God can be TRUSTED - why do you think we struggle to trust God fully?*

Truly trusting is when we choose to **trust God under pressure, not doubt Him because of pressure.**

- **Q:** *Where have you been under pressure and found it hard to trust God?*

Read aloud **Matthew 6: 24**

- **Q:** *Would you say your first attention is on God and building treasures in Heaven, or is your first attention on building your earthly home?*
- **Q:** *What is your view of what Heaven will be like? How does the way we see Heaven affect how we live on earth?*

CLOSE:

Think about the two statements that PK gave as to how we can grow our trust with God:

THINK NEW

ACT NEW

- **Q:** *What do you think it would practically look like for you to THINK new and ACT new when it comes to trusting God with your “material happiness”? Where can you trust Him deeper?*

RESPONSE: As a group, discuss the 90-Day trust test that PK talked about towards the end of service. He challenges all who call themselves followers of Christ to commit to tithing 10% for 90 days to jump start their trust with God. Encourage and pray for each other as a group for your next steps to trust God with your happiness and your earthly treasures.
