

Wonder From the Wasteland (Hallelujah)

VERSE 1

It's your way to make a wonder from the wasteland
It's your grace that lights a fire from the ashes
It's your hope that overwhelms my deepest sadness
You make all things new (yeah)

VERSE 2

It's your heart to make the morning wake with mercy
It's your love that lifts the spirit of the weary
It's your hand that turns the dust of us to glory
You make all things new (yeah)
You make all things new (yeah)

CHORUS

You've given me life
You've given me hope
You poured out your love
You rescued my soul
Now I sing a new song
Now I sing a new song
