

Joshua's Men 2020

Our creed and commitment:

I am hereby making a commitment to the following ideas and plans to the best of my ability:

1. I understand that my selection and invitation to be in a Joshua's Men group is a "get to" not a "have to" -- So my "yes" response means I am committed to the effort and participation required and I am committed to seeing it through for the entire year.
2. I desire to develop my spiritual leadership at work, church and in my home - ultimately becoming more like Christ.
3. I understand I will be held accountable to attend every meeting and to participate wholeheartedly in every assignment - no exceptions. I will take each assignment to heart, not just doing them, but diving in 100%. I know that what I put into this process is what I'll get out of it!
4. I understand that part of my commitment is to be open and completely honest with the group, eagerly engaging in conversation that is life changing for me, and the others in the group.
5. I understand these assignments are for my good and the good of the group. If I don't complete them well, then I am not only letting myself down, but also hindering the group as a whole.
6. I understand that my JMEN leader will be held to this same standards and I have the freedom to communicate anything to him.
7. I commit to hold everything that happens in the group to the highest level of confidentiality. Not only to protect our relationships but the integrity of what happens within the group.
8. I have discussed this commitment with my wife and I have her complete buy in to helping me navigate this coming year.
9. Above all else, I realize I have been asked to join something that could radically change my life and increase leadership ability and my faith in the Lord Jesus Christ. I will do all within my power to allow Him to mold and shape me through this coming year.
