

CHURCH PLANTING

VISION

One Church We launched One Church (www.forthetone.church) in Indianapolis, Indiana this past January. Our continued investment this year will be \$50K.

Church Plants (Existing) We currently have 4 church plants. These churches are all 2 years old or less and are often faced with deciding between community outreach and operational expenses (buildings, salaries, etc.). We would love to give each plant a \$5K grant (specifically for community engagement).

Church Planter Network We are continuing to build our network of future church planters. \$10K will allow us to continue to take this group to church planting conferences, visit church plants and experience intentional development around church planting.

SUCCESS STORIES

Story Church

Story Church, in Colorado Springs, CO, officially launched in March of 2021 and they are making significant impact in their city.

They have a vision to see gang violence reduced and are working with rival gang leaders to bring peace and restore the community. Story Church hosted a Thanksgiving dinner for four rival gangs which was the first of its kind and is already serving as a springboard for more.

Story Church has already celebrated 38 baptisms in their first year. Hosting the 2nd largest narcotics recovery centers they have experienced many stories of life change. One of those was Nick, who has battled addiction but has found new life and purpose through a relationship with Jesus.

Here is Nick getting baptized!
