

NEXT GEN

VISION

Residency We have 11 new residents that started since June of 2022. The annual investment for a resident is \$17,500 and gives the resident the opportunity to earn a Master of Arts in Ministry Leadership from Wesley Seminary.

Student Retreats The highest number of life change stories are from these retreats. Students are a part of Community Groups and, on a retreat experience nearly a semester’s worth of time to build trust, grow in the community, and give the students and their leader a foundation to build from when they get home. A \$75K investment offsets significant price increases and pressures of the current economic environment so that the retreat price can stay the same as in prior years and doubles the number of scholarships for students that can’t afford to attend. Our goal is to scholarship 350 students to retreats this year.

Next Gen Creative 12Stone has always existed for the Next Generation. This is even more important coming out of the pandemic. A \$150K investment allows us to upgrade the film studio where all our Next Gen content is created. It also provides the resources necessary to create, develop and enhance our curriculum, volunteer training, and the overall experience for Kids and Students at 12Stone.

SUCCESS STORIES

Meet Lori Miller. Lori has taken it upon herself to mentor & serve some of the residents in our Residency at 12Stone program. Here are some words to encapsulate Lori's impact.

"It has been such a blessing to get to know the residents each time I visit. I went in August by myself, but Lara Purcell approached me after the dinner and said that she too wanted to get more involved with the residents. She came up with the idea of highlighting each of their birthdays. So, beginning last December (and we're planning on doing something every other month), we will bring the residents breakfast and give whoever is celebrating a birthday a small gift. I'm thankful to have this opportunity and can't wait to see what God has planned for us in this ministry." – *Lori Miller*

"Lori has been such a blessing to our resident class! She has shown up multiple times with breakfast for all of us. She blesses us with her intentionality in conversation as well as her heart for hospitality. It has been really cool getting to see her talk with many different residents and give them her full attention. It's so easy to see how much she cares! Her heart for the next generation and pouring into us is something that is so evident. Her willingness to lend an ear as well as bless us with a wonderful breakfast sets such an amazing example for us. Lori portrays the love of Christ in an extremely real way! Getting to see someone walk out their purpose is amazing, and I know us residents aren't complaining about the breakfast either!"

– *David Hendricks / Resident*
