

CHURCH PLANTING

VISION

Buffalo Church Buffalo Church (www.buffalo.church) launched in January and for Easter had over 400 attend and saw 44 people say “Yes” to Jesus. Our investment goal for 2023 is \$35K.

International Church Plants We are exploring new international church plant opportunities through existing relationships in Nicaragua and Poland. A \$25K investment allows us to move church planting forward in both of these countries.

Church Planter Network We are continuing to build our network of future church planters. \$10K allows us to take this group to church planting conferences, visit church plants and experience intentional development.

SUCCESS STORIES

Easter Impact

There is no doubt God did amazing things across all of our 12Stone campuses and 12Stone home this past Easter. We're celebrating the lives of hundreds that moved from death to life by responding to the Gospel and giving their lives to Jesus. But our impact extends even further through the 4 churches we planted. Those church plants saw over 1200 people in attendance for Easter and celebrated as 65 people gave their lives to Jesus across those services. Several of our church plants already have baptisms planned as people who said "yes" to Jesus go public with their faith. What God is doing through your generosity in church planting is just beginning as those churches are still in their infancy and are already making significant eternal impact in their communities and beyond!
