

## CHURCH PLANTING

### VISION

**Buffalo Church** Buffalo Church ([www.buffalo.church](http://www.buffalo.church)) launched in January and is making a significant impact in Helena, Montana. They have a vision to see Helena transformed through the strengthening of marriages. A \$25K investment allows for a citywide initiative to strengthen marriages using the Re-Engage curriculum that has strengthened 1000's of marriages at 12Stone.

**Church Planter in Residence** Through our Church Planting Network we plan to plant two new churches per year in 2024 and 2025. The single greatest factor in a successful church plant is the planter themselves. We would like to bring 2 church planters onto our staff for 9-12 months to accelerate their development and preparation to plant churches. This \$100K investment ensure we have great church planters ready to launch new churches. Brandon, our first Church Planter in Residence will join us in January 2024.

## SUCCESS STORIES

### Story Hill Church

12Stone Church's passion and vision for church planting is rooted in the simple fact that a new church is the best way to reach unreached people in a community. It is with great excitement and that fact in mind that through your generosity, we can launch our next church just outside of Milwaukee in January 2024! Josh and Emily Koskinen are already busy working to build Story Hill Church, located in Mukwonago, WI. Their mission is to know, live, and tell the story of Jesus, and they're already off to a flying start! The Koskinen's are native to that area and have a heart to reach those they've known their whole lives with the gospel. At their first interest party for Story Hill Church, they had over 140 people in attendance, and they're just getting started. Your generosity is moving the Kingdom forward with a significant impact inside and outside the territory. Please continue praying for Josh, Emily, and Story Hill so they can see a community transformed because of Jesus!
