

CHURCH EXPANSION

VISION

Jackson County Land

Our Jackson County campus is currently meeting in a local high school and God is moving in a powerful way. We are actively searching for land to purchase and build a permanent facility in order to increase our ability to reach the Jackson County community. The land investment will be \$2M.

Next Gen Physical Spaces

We continue to demonstrate to our kids and students that 12Stone is their church. We will do that by updating our campuses to be the most inviting, enjoyable, and transformational places to be! We are completing the work on the Lawrenceville and Sugarloaf campuses. The target for this project is \$3M.

SUCCESS STORIES

Yanine attended the Athens Campus Grand Opening on March 3rd with her family. Having grown up in church, Yanine knew of God’s heart for her, but growing up with 3 sisters, she always felt the responsibility to make sure that her sisters knew of God’s love for them. On Grand Opening, God showed her that his heart isn’t just for others, but her specifically. She said it this way: “God showed me that before I could care for My One, I had to realize that I was Jesus’ One. I’ve fully given my life to Jesus and know who He is to me. Now I know how to care for others— by showing them what He has done for me.”

Yanine was baptized just weeks later and was the first person, in a line of many that will be baptized at 12Stone Athens.
