### VISION

#### Internship

As an exciting opportunity to expand our vision to serve the future of the local church and grow leaders, we are preparing to launch an internship program. This will provide an onramp to our Residency program. Our hope is for 20 interns as they are considering next steps in the ministry and career path. The Internship will last 10 weeks with three areas of focus: students, kids, and spiritual formation. They will be fully immersed in ministry on both Wednesdays and Sundays, as well as Camp. They'll be given leadership weight and opportunities across all three ministry environments (students, kids, and SF). We'll begin recruiting actively this fall.

## SUCCESS STORIES

**WAY**<sup>1</sup>  
C H U R C H

As a member of our Legacy Team, we want you to be among the first to hear about what God is doing in our next church plant, Way Church, led by Josiah and Mary Ellen Lee. Josiah spent the last couple of years serving as a member of the Student Ministry team at 12Stone. During his time on staff, God began stirring his heart for Gilbert, AZ, a suburb of Phoenix. They moved back to Gilbert at the beginning of June to build a team in preparation for Way Church to open its door to the community on January 26th, 2025.

As with every planter, there are always lingering questions, wondering if anyone will join the vision to help a new community know God, find freedom, discover purpose, and make an impact, but God was already at work. At their very first interest gathering, 130 showed up! That's unbelievable, but even better, they've already seen their first-person give their life to Jesus. 6 months away from launch Sunday, and they're already making an eternal impact in the lives of people in the Gilbert community.

The generosity of Legacy team members will allow Way Church to make an impact today and for decades to come. This is the first salvation of what we're praying will be thousands as they reach and disciple the community God has called them to serve.
