PERSONAL PROFILE

Optimistic artist and climate scientist with interests in storytelling, the environment and international development, currently on an MA in Fine Art at UAL Central Saint Martins

EDUCATIONAL HISTORY

MA Fine Art Digital | UAL (Central Saint Martins)

October 2022 - June 2024 | London

My research interests have been in storytelling and how radical environmentalist art that can push the needle towards real meaningful climate action.

MSc Climate Change Development and Policy | University of Sussex (IDS)

September 2018 - September 2019 | Brighton

Researched the relationship between climate adaptation/mitigation techniques and violent conflict

BA International Relations with Studies in Human Rights | University of Sussex

September 2015 - July 2018 | Brighton

Researched the symbiotic relationship between violent conflict and the opium trade in Afghanistan

EMPLOYMENT HISTORY

Project Manager | Energy Saving Trust

July 2022 - Present | London

Manage the Efficiency for Access Design Challenge alongside the senior project manager. The Challenge is a global multidisciplinary competition that empowers university students to help accelerate clean energy access. Students from over 40 universities in 17 countries, mostly based in Sub-Saharan Africa and South Asia, develop solar off-grid appliances over an academic year.

- Manage the six-month Efficiency for Access Design Challenge Accelerator Programme in partnership with Energy Catalyst and its accelerator partners to provide tailored business support and grant funding to young entrepreneurs.
- Manage the operational activities of the Efficiency for Access Design Challenge
- Manage Challenge stakeholder communications i.e. participants, partners, and universities
- Manage the recruitment and retention of university partners to the programme
- Managed the IKEA funded prototyping opportunity
- Manage the learning resources and platforms of the Challenge
- Represent Efficiency for Access at key sector events
- Organise and deliver ≈ 33 webinars and events a year typically around the off-grid appliance sector including formal pitching sessions, and our Grand Final Event.
- Developed the Diversity, Equity, and Inclusion strategy for the LEIA programme
- Sat on the Diversity and Inclusion Committee of Energy Saving Trust

Project Coordinator | Energy Saving Trust

October 2020 - July 2022 | London

Coordinated the £18 million Low Energy Inclusive Appliance Programme programme with particular focus on the Efficiency for Access Design Challenge

- My greatest accomplishments were the planning and delivery of the second and third year of the Efficiency for Access Design Challenge
- Recruit all new international universities to the Efficiency for Access Design Challenge
- Supported the delivery of programmatic and financial reporting to funders - FCDO and IKEA F.
- Organised and delivered the EforA Design Challenge events ≈ 28 webinars/events a year
- Managed the IKEA Foundation prototype fund and prototype exhibition process
- Processed all LEIA programme invoices and payments
- Prepared all LEIA programme contracts in coordination with sub-contractors and controlled the contract management system for the international team
- Supported the outreach and visibility internally and externally of the EforA Design Challenge
- Supported the development and management of EforA Design Challenge web platforms

Climate Change Intern | UNOHCHR

March 2020 - October 2020 | Bangkok

Supported all activities as a key member of the UNOHCHR Climate Change Asia regional team.

- My significant accomplishments included the co-organisation of a large interagency expert group meeting on the rights of the child to a healthy environment in ASEAN, along with the subsequent co-drafting of policy guidance from this meeting, and the development of an environmental human rights mechanism visualisation tool.
- Monitored and reported on the daily human rights situation in ASEAN countries
- Contributed to and edited reports on environmental human rights situations and team activities
- Developed a team strategy for youth engagement and lead youth-focused events
- Managed administrative responsibilities of the Climate Change Team
- Prepared social media content and redesigned the website

Fundraising Campaign Intern | Renewable World

September 2018 - December 2018 | Brighton

Programme Development Intern | Afghanaid

August 2017 - October 2017 | Kabul
