Be Your Best Here

Be Welcomed Here

I want to welcome you to the premier law school in the west. Providing our students with an exceptional legal education while fostering a sense of community in a supportive learning environment is at the heart of what we do at the S.J. Quinney College of Law.

The College of Law has a lengthy and strong track record of educating outstanding lawyers and judges. Our location right in the state's capital situates us minutes from the federal and state courts, the legislature, major law firms and nonprofit legal offices, presenting numerous opportunities for practical hands-on training.

As a College of Law student, you will also become a part of the broader University of Utah community—a place home to Nobel-prize winning research, a rich culture of collaboration and the atmosphere of a university on the rise.

When you are a student here, I want you to know that my door is always open and I am happy to meet with you to discuss any concerns you may have, to offer a listening ear as you navigate the challenges of law school and to share in your successes.

I hope you find law school to be a transformative experience where you learn not only how to think like a lawyer, but connect with your true passion on the way. This is a wonderful place to live, learn, and work. We hope you'll visit us soon in-person to find out why.

FIRST-YEAR CURRICULUM

Our students learn in intimate settings throughout their time in the College of Law. First-year students always have at least one class in a small group setting of no more than 25 students. Our legal methods program also gives students intensive writing experience and one-on-one meetings with faculty. Firstyear classes teach students the basics of the law and legal system, while giving them early practical training they will need to be effective lawyers.

UPPER DIVISION CURRICULUM

A longstanding strength of the College of Law is our careful balance between doctrine, theory, and practice. Students have extensive courses they can choose from in their second and third years. These include specialty courses ranging from trademark to family law, numerous skills courses such as appellate practice and real estate drafting, and field placements in virtually every area of the law. Students can also cross-train through our experiential opportunities from international law to new ventures, our six dual degree programs, and our research centers. The depth in curriculum supports seven specialized proficiency programs, where students can earn a certificate of specialized legal study.

Research Centers

Centers of excellence at the S.J. Quinney College of Law offer opportunities for students and faculty to collaborate on specialized research, community engagement, and study in niche areas of expertise and interest. The Wallace Stegner Center for Land, Resources and the Environment (Stegner Center) boasts one of the top environmental law programs in the nation. The Center for Law and Biomedical Sciences (LABS) is an internationally ranked program that brings law, intellectual property, new ventures, ethics, sciences and medicine together across the University of Utah's Tier-1 research programs.

For students, these centers offer scholarships and fellowships, summer clerkships, service project involvement, internships at law firms and participation in events that draw experts from around the globe. Students can gain related hands-on experience by participating in pro bono opportunities and moot court competitions, like the prestigious Jeffrey G. Miller National Environmental Law Moot Court Competition or the Giles S. Rich IP Moot Court Competition. Students also gain invaluable insight into specialized areas of legal practice, helping them network and plan for their future legal careers.

Be Competitive Here

MOOT COURT AND PRACTICE-ORIENTED COMPETITIONS

Our award-winning moot court and competition programs allow students to work closely with faculty to develop legal skills in real-world situations. We offer a wide array of competition opportunities, including in appellate advocacy, trial advocacy, environmental law, international law, corporate law, bankruptcy, negotiation, and intellectual property. Our teams consistently earn acclaim at the national level.

Moot Court competitions give students the opportunity to practice the written and oral skills they learn in class. These skills are highly prized by potential employers.

Hands-on experience lets you identify which areas of law interest you most, and can help you hit the ground running in your new legal career.

Be Engaged Here

Every student has ample opportunities to participate in field placement or pro bono programs to gain practical experience and engage with the community.

REAL-WORLD TRAINING

The College's Experiential Program provides hands-on experience while students earn academic credit. *National Jurist* magazine recently ranked the College among the top schools in the nation for field placement. These opportunities include a classroom component, so students are prepared for their legal work and have a forum to reflect on their experiences. Some opportunities emphasize local community engagement, while others offer national or international experiences. Experiential programs give students an unparalleled opportunity to engage in different areas of legal practice where they can find their inspired career field. Many students enroll in several different opportunities during their academic careers. Visit **law.utah.edu/ clinical** for a full list of experiential opportunities.

Beginning their first year, students are eligible to work with the Pro Bono Initiative (PBI)—a voluntary program to connect what they learn in the classroom with realworld clients and issues. PBI provides students with rich opportunities to engage and serve the community, while building lawyering skills. Visit **law.utah.edu/ probono** for a full list of pro bono opportunities.

In 2017-2018, S.J. Quinney College of Law students contributed approximately 28,400 volunteer hours toward pro bono work.

CAREER DEVELOPMENT OFFICE

The College of Law's Career Development Office (CDO), provides students with the tools and resources they need to develop a rewarding career. Through a full slate of seminars, classes, and individual counseling, CDO helps students navigate the job search process, prepare winning résumés, and hone interviewing skills. The CDO hosts on-campus recruiting sessions with legal employers, mentoring programs, lunch-time information sessions, seasonal job fairs, and the popular "firm crawl," where students visit downtown Salt Lake City law firms to get a feel for what working in a law office is like. Visit **law.utah.edu/careers** for more information.

100-100 INITIATIVE

Student success is our number one priority at the University of Utah S.J. Quinney College of Law. The 100-100 initiative establishes a firm goal of attaining 100% bar passage for first-time takers and 100% full-time professional employment for our new graduates. The initiative focuses on expanding academic support and bar tutoring programs, and early intervention for students to foster high bar passage. To increase employment, efforts include bolstering mentoring, career counseling, clinical, pro bono, and alumni outreach programs to help students build strong legal careers. For more information, visit **law.utah.edu/100-100**.

STUDENT SUCCESS

Beginning in the first year, students benefit from one-on-one support and advising to help them reach their academic and career goals. Students can sign up for a mentorship program and work with a practicing attorney, attend a wide range of career events, and meet individually with lawyers looking for new talent.

ACADEMIC SUPPORT PROGRAM

Success in law school requires students to develop the analytical skills necessary to solve specific legal problems through the application of general legal principles.

The Academic Support Program (ASP) offers students an opportunity to practice these skills in a collaborative environment with guidance and feedback. ASP conducts a series of skills-based workshops open to all incoming students during the first semester of law school. ASP also presents a series of first-semester seminars regarding studying and exam taking, conducts a practice midterm, and holds a final exam session during fall semester.

STUDENT ORGANIZATIONS

Involvement in student organizations allows students to broaden their law school experience by sharing ideas and experiences with the faculty, alumni, and fellow students. The College of Law supports over 25 student organizations, from political groups that cover a broad range of ideologies to student associations for women and those with ethnic and cultural interests. For a full list of opportunities, visit **law.utah.edu/student-orgs**.

SCHOLARSHIPS AND FELLOWSHIPS

The College of Law offers one of the best value programs in the country. We make every effort to keep tuition low and provide generous financial assistance through merit-on-entrance scholarships for first-year students and continuing financial support for second and third year students. In fact, National Jurist magazine rated the S.J. Quinney College of Law a "Best Value" law school the past eight years. As a result, our graduates have one of the lowest average debt of top public law schools. For a list of available scholarships, visit: **law.utah.edu/financial**.

The Career Development Office helps students and alumni reach their full career potential.

Certificates of Specialization

Juris Doctor students who have demonstrated a specialized proficiency in the following areas may receive a Certificate in that area of specialization in addition to their Juris Doctor degree.

Due to the evolving nature of the law school curriculum, new courses or seminars may count toward the certificate course requirements; inquiries about whether a particular course qualifies should be directed to the Associate Dean for Academic Affairs, who will consult with the relevant faculty members as necessary. The Associate Dean for Academic Affairs also has the authority to remove courses from the above list of electives if they are no longer offered.

Non-law school courses may be taken to fulfill the elective credit requirement with prior approval by the Associate Dean for Academic Affairs. Such courses will be approved by the Associate Dean for Academic Affairs in consultation with the relevant faculty members.

BUSINESS LAW

To qualify for the certificate, students must complete the following requirements:

- 1. Students must meet all general requirements for a J.D. degree.

The Family Educational Rights and Privacy Act guarantees to University of Utah students certain rights regarding their official records maintained in the Office of the University Registrar, 250 Student Services Building. Additional records are maintained at the S.J. Quinney College of Law. The act requires that the University forbid the release of personally identifiable student educational records or files, or of personal information contained in those files, without the written consent of the student, except in certain specified situations. The S.J. Quinney College of Law also extends this policy to applicants and applicant records.

For additional information regarding the privacy rights of students and applicants or access to student and applicant records, consult the dean's office at the S.J. Quinney College of Law.

The University of Utah and the S.J. Quinney College of Law are fully committed to policies of nondiscrimination and equal opportunity, and vigorously pursue affirmative action in all programs, activities, and employment with regard to race, color, national origin, sex, age, and status as a person with a disability. Religion, sexual orientation, and status as a disabled veteran or veteran of the Vietnam era also are protected under nondiscrimination and equal opportunity employment policies. The University seeks to provide equal access to its programs, services, and activities for people with disabilities. Reasonable prior notice is needed to arrange accommodations. Evidence of practices not consistent with these policies should be reported to the University of Utah Office of Equal Opportunity and Affirmative Action. The address and telephone number for the office are: 201 South Presidents Circle, John Park Building, Room 135, Salt Lake City, UT 84112. (801) 581-8365 (voice or TDD).

The University of Utah strongly endorses the Student Right-to-Know and Campus Security Act. On the University of Utah campus, state laws are enforced at all times and adjudicated in a court of law. Infractions of the University of Utah Student Standards of Academic Performance and Standards of Behavior should be referred to the Office of the Dean of Students.
