

**Mauro C. Martinez**  
**B.1986**  
**Based in Texas, USA.**

## Introduction

Mauro Martinez juxtaposes common pictorial forms from art history with the monotonous streams of online imagery that we, as an increasingly digital society, are so often subjected to. Skillfully utilising metaphor, irony and dark humour, Martinez's paintings respond to the doctrines of internet culture, at once critiquing and mocking our relationship with contemporary imagery.
