### Agent to Client: Look for Updater Invite Email

Hi {CLIENT NAME},

I hope packing is going well! I just wanted to let you know that you'll receive an invitation to use Updater today. Keep your eyes peeled for an email from [help@updater.com](mailto:help@updater.com), and make sure to check your spam folder!

As a reminder, Updater is completely free for you. You can use it to forward your mail, update your accounts and records, send digital moving announcements, browse moving coupons, and more. I even pre-populated it with all the phone numbers and links you need to hook-up water, electric and gas.

You can learn more about Updater's features [here](#). I think it will save you a bit of sanity! Let me know if you have any questions.

Best,

{AGENT NAME}
