Email to Residents: Look for Updater Invite Email

Hi {RESIDENT NAME},

I hope packing is going well! I just wanted to let you know that you'll receive an invitation to use Updater soon. Keep your eyes peeled for an email from help@updater.com, and make sure to check your spam folder!

As a reminder, we provide Updater to you for free. You can use it to forward your mail, update your accounts and records, secure renters insurance, send digital moving announcements, browse moving coupons, and more. I even pre-populated it with all the phone numbers and links you need to hook-up water, electric and gas.

You can learn more about Updater's features [here](#). I think it will save you a bit of sanity! Let me know if you have any questions.

Best,

{NAME}
