

WHAT IS UPDATER?

Updater is a company that develops technology to improve the client relocation process. Updater's web-based platform helps people who are moving organize and complete their moving-related tasks.

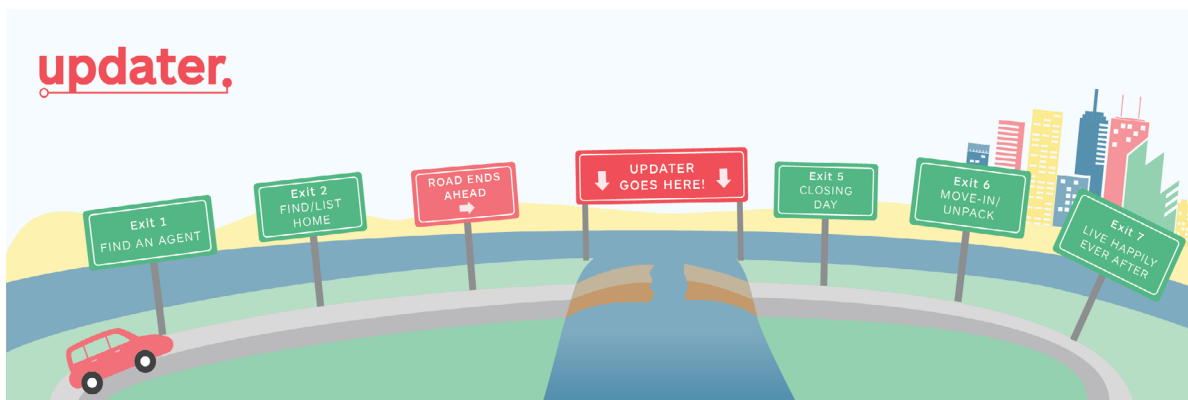

HOW DOES UPDATER HELP MY CLIENTS?

Updater is an easy-to-use time-saving tool that helps clients organize and complete moving-related tasks, such as:

- Reserving a moving company
- Updating accounts and records
- Connecting utilities and home services
- Forwarding mail
- Securing insurance
- & more!

WHAT DOES UPDATER DO FOR ME?

Updater closes the communication gap between closing and your client's move, ensuring a seamless move for each and every client. Updater also creates additional touchpoints for you to engage with your clients, which can help boost your referrals!

WHAT DO I HAVE TO DO TO OFFER UPDATER?

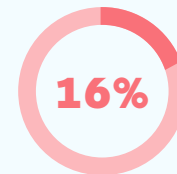

If your company has partnered with Updater, we've designed our platform to run completely behind the scenes, without disrupting your busy schedule. It's the closest thing to magic we could come up with. All you have to do is talk about Updater as a service that you offer to your clients for free. If you've subscribed to Updater on your own, just use your pro account to send invites to your clients and be the hero of their move!
