2) The team listed first on the schedule will wear light uniform shirts and socks. As such, the team listed second will wear dark uniform shirts and socks.
3) The team not in compliance will be required to change uniforms at the request of the umpires, tournament officials or USA Field Hockey Staff.
    i. If a team refuses to change or does not have a second set of uniforms that will make them compliant, the game may be cancelled, and the opposing team will be considered forfeited.
    ii. ii. If both teams are in compliance and a conflict still exists, the team listed first will be required to change shirts and socks. Umpires, tournament officials or USA Field Hockey Staff will determine if a conflict exists.
4) Goalkeepers should wear a colored shirt or garment which is completely different- in color and distinctive from that of both teams. Goalkeepers are required to have a minimum of two shirts or garments of contrasting color of their team uniform shirts with numbers on the back.

D. SEEDING

1) Teams will earn 3 points for a win, 1 point for a tie and 0 points for a loss.
2) If, at the end of pool play, there is a tie in determining team placement, the following steps will be taken to break the tie:
    i. Points
    ii. Matches won
    iii. Goal Differential
    iv. Goals For
    v. Head to Head Result
    vi. Shoot-Out (if time and space is available)

        2. If more than two teams are involved, then each team will play a shoot-out competition against the other teams in the same sequence of play as the order of play in the competition, in accordance with Appendix 1 of these

Regulations but with one round of 5 shoot-outs only to be taken compulsorily by each team.

3. A ranking will then be established based upon the results of the round of the shoot-out competition only, with the award for each play of 3 points to the team having scored the highest number of goals, 1 point to each team having scored an equal number of goals and 0 points to the team having scored the lowest number of goals.
4. If equality remains then teams having an equal number of points shall be ranked according to D.2(i-v) as applied to goals recorded during the shoot-out competition.
5. If an equal position of three (or more) teams still remains thereafter, then the same procedure shall be repeated until the teams can be ranked. The umpires, tournament officials or USA Field Hockey Staff shall make a draw to establish each sequence of play if such further rounds of shoot-outs are required.

3) If more than two teams are involved after the initial full seeding process D.2(i-v), then a ranking based upon the results of the matches among (only) them shall determine their respective position.
4) In the event of a tie during crossover competition, the teams will go directly to the designated field and compete in a shoot-out. Refer to Shoot-out rules (Appendix 1) for further explanation.

Appendix 1

SHOOT-OUT COMPETITION

In a shoot-out competition, five players from each team take a one-on-one shoot-out alternately against a defender from the other team as set out in this Regulation. The shoot-out competition comprises all series of shoot-outs required to determine a result.

The following sets out both the playing Rules and the procedures to be followed:

1) If the shoot-out competition takes place after the end of a match, it shall take place immediately.
2) The respective Teams provide 5 players to take and 1 player to defend the shootouts from those on the approved roster except as excluded below. A player nominated to defend the shoot- outs can also be nominated to take a shoot-out. No substitutions / replacements are permitted during the shoot-out competition other than as specified below.
3) If a player nominated to defend the shoot-out is a field player, that player may wear a face mask while defending the shoot-out but may only use their stick as in normal play to defend the shoot-out. A player who is still serving a disciplinary suspension at the time the shoot-out competition takes place or has been excluded permanently (red card) during the match which leads to the shoot-out competition, cannot take part in that shoot-out competition. A player who has been warned (green card) or temporarily suspended (yellow card) may take part in the shoot-out competition even if the period of their suspension has not been completed at the end of the match.
4) A coin is tossed; the team which wins the toss has the choice to take or defend the first shoot-out.
5) All persons listed on the official Team Roster other than any player who has been excluded permanently (red card) during the match which leads to the shoot-out competition are permitted to enter the field of play outside the 23m area used for the shoot-out but must be at least 10 meters from the spot where the ball is placed at the start of the shoot-out.
6) The goalkeeper / defending player of the team taking a shoot-out shall wait on the back-line outside the circle.
7) A player taking or defending a shoot-out may enter the 23m area for that purpose.
8) Players taking a shoot-out and also defending the shoot-outs taken by opponents are allowed reasonable time to take off their protective equipment to take their shootout and subsequently to put back on their protective equipment.

9) 5 players from each team take a shoot-out alternately against the goalkeeper / defending player of the other team making a total of 10 shoot-outs.
10) Taking a shoot-out:
    i. The goalkeeper/defending player starts on or behind the goal-line between the goal posts;
    ii. The ball is placed on the nearest 23m line opposite the center of the goal;
    iii. An attacker stands outside the 23m area near the ball;
    iv. The Umpire blows the whistle to start time;
    v. An official at the technical table starts the clock;
    vi. The attacker and the goalkeeper/defending player may then move in any direction;
    2) The shoot-out is completed when:
        i. The 8 seconds has elapsed since the starting signal
        ii. A goal is scored;
        iii. The attacker commits an offence;
        iv. The goalkeeper / defending player commits an unintentional offense inside or outside the circle in which case the shoot-out is re-taken by the same player against the same goalkeeper / defending player;
        v. The goalkeeper/defending player commits an intentional offense inside or outside the circle in which case a penalty stroke is awarded and taken;
            1. If a penalty stroke is awarded as specified above, it can be taken and defended by an eligible player
        vi. The ball goes out of play over the back-line or side-line; this includes the goalkeeper / defending player intentionally playing the ball over the back-line.
11) The team scoring the most goals (or ahead by more goals than the other team has untaken shoot-outs available) is the winner.
12) A player may be suspended by a yellow or red card but not by a green card during the shoot-out competition.
13) If during a shoot-out competition (including during any penalty stroke which is awarded) a player is suspended by a yellow or red card:
    i. That player takes no further part in that shoot-out competition and, unless a goalkeeper / defending player, cannot be replaced;
    ii. The replacement for a suspended goalkeeper / defending player can only come from the 5 players of that team nominated to take part in the shoot-out competition:
        1. The replacement goalkeeper / defending player is allowed reasonable time to put on protective equipment similar to that which the goalkeeper / defending player they are replacing was wearing;
        2. For taking their own shoot-out, this player is allowed reasonable time to take off their protective equipment to take their shoot-out and subsequently to put it on again.
    iii. Any shoot-out due to be taken by a suspended player is forfeited; any goals scored by this player before being suspended count as a goal.
14) If during a shoot-out competition, a defending goalkeeper / defending player is incapacitated:
    i. That goalkeeper / defending player may be replaced by another player from among the players listed on the official Team Roster for that particular match, except as excluded in this Appendix or unless suspended by an Umpire during the shoot-out competition;

2. If this replacement is also nominated to take a shoot-out, this player is allowed a reasonable time to take off their protective equipment to take their shoot-out and subsequently to put it on again.

15) If during a shoot-out competition, an attacker is incapacitated, that attacker may be replaced by another player from among the players listed on the official Team Roster for that particular match, except as excluded above or unless suspended by an Umpire during the shoot-out competition
16) If an equal number of goals are scored after each team has taken 5 shoot-outs:
    i. A second series of 5 shoot-outs is taken with the same players, subject to the conditions specified in this Appendix;
    ii. The sequence in which the attackers take the shoot-outs need not be the same as in the first series;
    iii. The team whose player took the first shoot-out in a series defends the first shoot-out of the next series;
    iv. When one team has scored or been awarded one more goal than the opposing team after each team has taken the same number of shoot-outs, not necessarily being all 5 shoot-outs, that team is the winner.
17) If shoot-outs are taken with the same player's subject to the conditions specified in this procedure and an equal number of goals are scored after a second series of 5 shoot-outs, additional series of shootouts will be taken
    i. The sequence in which the attackers take the shoot-outs need not be the same in any subsequent series;
    ii. The team which starts each shoot-out series alternates for each series.
18) In the case of limited time being available due to tournament restrictions, 3 players from each team take a shoot-out alternately against the goalkeeper / defending player of the other team making a total of 6 shoot-outs
19) The Rules of Hockey apply during a shoot-out.

Appendix 2

SCORING APPEALS

To reduce the number of incorrect scores posted while maintaining all fairness to the athletes and teams involved, USA Field Hockey will honor only one appeal per team, per tournament for the review or change of a posted score. Should it be found that a result was posted incorrectly after verifying the official score card from the game, the result will be adjusted, and the team retains its right to appeal to be used again later in the tournament if necessary. Should it be found that the official score card reflects the score posted after it has been challenged by a team, this team will lose its right to appeal and will not be able to dispute any posted results for the remainder of the event. The following procedure will be in effect for all USA Field Hockey events:

1) Each head coach is responsible for confirming the final score and signing the correct Result Card at the conclusion of each game.
2) The decision to appeal a score posting rests entirely with the teams involved. USA Field Hockey will consider signed Result Cards as the correct and final outcome of the contest. No changes will be made to the official score unless an appeal is submitted and upheld.
3) Team contacts or coaches are the only individuals who can post the appeal fee and request a review. Parents, athletes, fans or umpires cannot initiate the appeal process.
4) Upon consensus by the coaches and umpires involved in the match, the score will be overturned, and any changes will be made to the official results.

5) Failure to sign a Result Card does not nullify the outcome of the contest or excuse individuals from the appeal process.
6) Any disputes around the final score must be settled with the umpires at the time the cards are signed.
7) Should the umpires and coaches involved in the match fail to reach consensus on the final score to be recorded on the result card and/or should one or both of the coaches fail, refuse or neglect to sign the result card, the umpires shall determine the score to be recorded on the result card and sign same. USA Field Hockey will consider this as the correct and final outcome of the contest.
8) The appeal process applies to posted scores only. There is no appeal process for calls made during any match.
9) Deception on a Result Card is considered unsportsmanlike conduct and is a violation of USA Field Hockey's Code of Conduct (Rule 4). Code of Conduct violations are grounds for restriction of an individual from future USA Field Hockey programs and/or the loss of eligibility of a team in future USA Field Hockey events.
