

WILDSTRUBEL BY UTMB®

RACE REGULATIONS

ORGANIZATION

UTMB International organizes WILDSTRUBEL BY UTMB® in collaboration with the AMIS and the support of the municipalities of Crans-Montana, Loèche-les-Bains, Kandersteg, Adelboden, Lenk.

DEFINITION OF THE RACES

Wildstrubel by UTMB is an event which includes several races in the open country, winding through the hiking routes and the Via Alpina of the canton of Berne and the canton of Valais. Each event takes place in one single stage, at an undefined pace and within a time limit.

- **WILD 25:** around 25 km and about 1 150 meters elevation gain, starts from Leukerbad, in semi-autonomy. Cut-off time for finishing is 5 hrs 15 mins.

RUNNER'S COMMITMENT

To participate in WILDSTRUBEL by UTMB® event, in particular the WILD 108, it is essential:

- To be completely aware of the length and specificity of the event and to be perfectly prepared for it.
- To have acquired, previous to the race, a real capacity of personal autonomy in the mountains allowing for the management of problems induced by this type of event, and notably:
 - Know how to confront, without outside help, climatic conditions which could be very difficult to deal with at altitude (night, wind, cold, fog, rain or snow).
 - Know how to manage, including when one is isolated, physical or mental problems arising from a great fatigue, digestive problems, muscle or articular pains, small wounds...
 - To be totally conscious that the organization's role is not to help a runner manage these problems.
 - To be totally aware that for such an activity in the mountains, security depends upon the runner's capacity to adapt to the problems encountered or foreseen.
 - To inform and to sensitize the members of the runner's entourage towards the respect of nature, people and the regulations of the race.

SEMI AUTONOMY

The principal of an individual race in semi-autonomy is the rule. The WILDSTRUBEL by UTMB® events take place in one single stage, at an undefined pace, within the limits of the time barriers which are specified for each event. Semi-autonomy is defined as having the capacity to be autonomous between two refreshments posts, as much on the food front as that of clothing and security, allowing for adapting to problems encountered or foreseen (bad weather, physical problems, injury...)

This principal implies, in particular, the following rules:

1. Each runner must have with them throughout the duration of the race the totality of their obligatory equipment. They transport this equipment in a pack; tagged during race-bib distribution and which cannot be changed along the race route. At any moment of the race, the race stewards can verify the pack and its contents. The runner is obliged to submit to these checks in good humor, at the risk of exclusion from the race.
2. The refreshment posts supply drinks and food to be consumed on site. The organization only supplies still water or energizing drink for filling water bottles or hydration packs. The runner should take care to ensure they have, when leaving each refreshment post, the quantity of drink and food which is necessary to keep them going until the following refreshment post.
3. For the WILD 108, a personal assistant is tolerated exclusively at certain refreshment posts (*), in the zone specifically reserved for this use and at the discretion of the chief of the post. One person can only give this assistance, without specific equipment other than a bag with a maximum volume of 30 liters. Assistance given by a team of professionals, or any medic or paramedic, is strictly forbidden. The rest of the refreshment post is strictly reserved for the runners.
4. It is forbidden to accompany or be accompanied along any part the race route by a person not registered for the race, outside of the tolerance zones which are clearly marked in the proximity of the refreshment posts.

It is not allowed to be accompanied by a dog or any other animal.

5. A participant who accepts being accompanied outside of the expressly designated zones contravenes the principle of semi-autonomy. The race stewards witnessing irregularities are authorized to penalize the participants in order to guarantee the spirit of trail-running events.

(*) Personal assistance is tolerated at the following posts:

WILD 108:

- Kandersteg
- Adelboden
- Lenk

It is forbidden at all other aid stations, as well as at any other point of the race route.

WILD 50 & WILD 25: no assistance is allowed at any point throughout the race

EQUIPMENT

In order to ensure their security and the smooth running of each event, each participant must carry with them all the items listed in the mandatory equipment checklist (see below). And take all the equipment with them during the race even if the runner is not using it.

The “hot-weather” and the “cold-weather” kits are part of the mandatory equipment. According to the weather conditions, the organization might require one of those three additional kits and inform each participant before the opening of the race-pack collection.

Systematic and/or random checks will be carried out during the race. A penalty up to disqualification will be applied to runners who do not have all the mandatory equipment with them (see PENALTIES).

Please note: the items included in the mandatory equipment checklist are the basic pieces which each trail-runner must adapt according to their own skills. In particular, you should not choose the lightest possible clothing but prefer clothing that really provides good protection in the mountains against cold, wind and snow, and therefore better safety and performance.

Music: Listening to music using earphones only, is tolerated, so long as it is safe to do so. Any earphones MUST be removed when crossing any roads, as well as on approach to, and whilst at, any checkpoints and when approaching and passing any Safety Team members.

RACE-BIBS

Race-bibs are handed over to each runner upon presentation of:

- A valid ID with photo
- Your race pack and all items on the mandatory equipment checklist.

The race-bib must be worn on the chest or stomach and must remain permanently and completely visible during the whole race. It must always be placed on top of all clothing and must not be positioned on a leg or on the pack. The runner's name and partner's logos must not be altered or hidden. The bib is the pass to access the shuttles, buses, aid stations, medical points, rest rooms, showers, bag drop-off or pick-up areas... The bib is only withdrawn if the runner refuses to comply with the race director's decision. If the runner abandons the race, the bib is cut and deactivated.

DROP BAGS / SPARE BAGS

WILD 108: at the race-pack collection, each participant receives a 30-liter bag. After filling them with the items of their choice and closing them, they can drop them off the start.

WILD 50: at the race-pack collection, each participant receives a 30-liter bag. After filling it with the items of their choice and closing it, they can drop it off the start.

WILD 25: at the race-pack collection, each participant receives a 30-liter bag. After filling it with the items of their choice and closing it, they can drop it off the start.

The location where the drop bags will be available will be specified early 2022.

How to get your bags in Crans-Montana: The bags are returned to either the runner or a family member or friend, only upon presentation of the race-bib. The bags must be retrieved no later than 2 hours after the end of the race.

The organization will take to Crans-Montana the bags of runners who drop out, on condition that their withdrawal is registered. Because of logistical factors, the organization cannot guarantee that all bags are brought to Crans-Montana before the end of the race.

Only bags supplied by the organization will be transported. Poles are not allowed in these bags. As the items in the bags are neither checked nor controlled, we will accept no claims on that matter. We recommend not to put any valuable items in the bags. We advise you to keep toiletries and spare clothes in Crans-Montana.

AID STATIONS

Along the race route, there are some points where runners can get food and drinks supplies. Aid stations supply drinks and food for consuming in situ. The organization supplies still water and energizing drinks for filling water bottles/hydration packs and personal softcups are mandatory. The runner must make sure, when leaving the aid station, that they have the necessary quantity of food and drinks to keep them going until the next aid station.

For further information concerning aid stations, visit the page “aid stations”

To enter the aid stations, runners must wear their race-bib.

The race guide and the relevant pages on our web-site provide an exhaustive list of aid stations and what kind of food/drinks runners may find there.

CHECK POINTS

Runners are checked upon arrival at an aid station and at some security points.

Unexpected check points are set up along the route. Their location is kept a secret.

WAY-MARKING

Way markers are made of a reflective material that catches the light from your headlamp, so that you can easily spot them even at night.

WARNING: if you can't see any way marker, turn back!

Because we respect the environment, we do not use any paint on the trails.

SECURITY AND MEDICAL ASSISTANCE

There are several medical stations along the route. These stations are directly linked to the race security HQ. There is medical staff at the race security HQ in Crans-Montana during the events.

Medical stations are intended to assist any person in danger with the organization's own or public means.

It is up to a runner in trouble or seriously hurt to call for the help:

- By going to a medical station
- By calling the race HQ
- By asking another runner to alert the security service
- By using the SOS app LiveRun

Every runner must give assistance to any person in danger and alert the security services.

If you are unable to call the race HQ, and only if it is an absolute emergency, you may call directly one of the national security services (especially if you are crossing an area where only emergency calls are possible): 144

Do not forget that any kind of unexpected events - linked to the environment and the race - could make you wait for help longer than expected. Your safety therefore depends upon the quality of the items that you have put in your pack.

All medical, paramedical, first aid and guide staff, as well as any person appointed by the race direction are able to:

- exclude from the race any participant who is deemed to be unable to continue the event
- demand to any competitor to use any item of the mandatory equipment
- evacuate by any means the runners they deem to be in danger
- refer patients to the most appropriate care structure

A runner who contacts a doctor or search and rescue staff submits to their authority and agrees to accept their decisions.

If a runner's state of health justifies treatment via intravenous drip, the runner shall compulsorily withdraw from the race.

There is an medical base in Crans-Montana available for runners with severe medical problems. Comfort care is based on decision of the medical staff within the limits of the availability.

Runners must stay on the marked path, even when they sleep.

If you need to sleep along the way, you are highly recommended to use the "sleep bib" supplied by the organization. This bib clarifies that you need to take a little nap without being disturbed.

All runners who voluntarily venture from the way-marked course are no longer under the responsibility of the organization.

TIME LIMIT AND CUT-OFF TIMES

The cut-off time for finishing each race is:

- WILD 108*: 28 hrs 30min
- WILD 50: 11 hrs 45 mins
- WILD 25: 5 hrs 15 mins

You may find the time limit (cut-off times) for leaving the main aid stations on our web site and in the Runner's Guide. In case of any changes (see Exceptional Conditions), the new cut-off times will be announced via SMS/text message.

Cut-off times are calculated to allow participants to reach the finish within the time limit. **In order to be authorized to continue a race, all participants must leave the check point/aid station before the cut-off time** (whatever their time of arrival at the check point).

All participants excluded from the race who wish to continue the route can only do so after having returned their race-bib and under their own responsibility and in complete autonomy.

DROP OUT AND REPATRIATION

Except in case of injury, a runner wishing to withdraw the race must do so only at a check point. They must inform the person responsible for the point or report their withdrawal via the LiveRun app and inform the race HQ.

If a runner wishes to withdraw while on the route between 2 checkpoints, they must reach the nearest checkpoint where they must report their withdrawal.

Runners who withdraw must keep their race bib because it is the pass to access shuttles, buses, meals, treatment rooms...

Repatriation works as follow:

- Buses are available at some aid stations - marked by a pictogram «bus» on time charts - to take runners who drop out back to Crans-Montana.
- Runners who abandon at any other aid station or check point but whose state of health does not require them to be evacuated must return as quickly as possible and by their own means to the nearest point of repatriation.
- As for aid stations or security points accessible by car or 4x4:
 - o after the closing of the aid station/security points, the organization might repatriate any runners who have abandoned and haven't left the aid station yet.
 - o in the event of bad weather conditions justifying the partial or total stop of the race, the organization will make sure that all runners are repatriated as soon as possible.

FINISH

When you finish your race, you will receive the finisher's gift.

Finishers will have access to a final aid station located in Crans-Montana with restricted access to runners.

SHOWERS

Runners may take a shower only at the end of the race. Runners need to show their race bib in order to enter the shower.

During the race, showers - when available - are only accessible on medical advice.

REST

During the race, runners will have some rest areas in some aid stations, with camp beds and blankets.

Runners having finished their race and wishing to prolong their stay must have their own accommodation.

WILD 108 (only): At Adelboden, each competitor can benefit from a rest area (with camp beds and blankets).

RANKING AND AWARDS

For each race, there is a general ranking - men and women - and a category ranking - men and women - (see below further details for each category).

Events : the first 5 men and the first 5 women in the general ranking, as well as the first 3 runners in each category receive a trophy and a prize.
