Trail Surprise will have categories as: Female and Male.

EXPERIENCE

Very good physical condition and experience in trail running is a prerequisite for mastering the different distances. The participant must be able to complete the distances in a partial autonomy (partial self-sufficiency) according to the ethics in trail running. We reserve the right to exclude people from participation.

When registering for the E250 distance, at least one Ultra Trail (min. 100km) finished in the last 2 years must be given as a reference or the runner must have a UTMB Index of the category 100K. The organisation reserves the right to check references.

E101 LOTTERY- PARTICIPATION

For the race E101, a lottery will be organized. Runners will have to pre-register on <https://eiger.utmb.world/> between October 21st 2024 at 10.00 CET and October 28th at 23.59 CET. Participation in the lottery is for free.

Results of the lottery will be communicated to runners on October 31st 2024 by email.

Runners will have until November 4th at 23:59 CET to confirm their registration by completing the registration form received in the email (personal link).

This document is intended for internal use only, not intended for distribution.

The time of registration has no influence on the draw. Participation in the lottery requires a valid UTMB index.

The following forms of participation are possible:

- Single starter
- Mini group

It is not permitted for a person to register several times or for several distances or in different forms of participation. It is not permitted for a single starter to also register in one or several mini groups. A Mini-group consists of 2 – 5 people. Multiple registrations will be ignored.

There will be a draw for the 2025 E101 registration. The winners will be informed by e-mail with a personal and non-transferable registration link.

If a lottery winner does not duly confirm their participation with payment of the entry fee until Monday, 4 November 2024, 23.59 CET, the right to a starting place is cancelled.

A starting place right is also cancelled if a lottery winner transfers the starting place right to another person.

The unlucky entrants will also be notified by email. The organiser reserves the right to hold a second draw for the E101 distance at a later date.

E101 LOTTERY - DRAW

The draw will take place in accordance with the timetable. The participants will be informed to this effect. The draw will take place by form of participation and nation.

The forms of participation will be taken into account according to the percentage of incoming registrations. All members of selected mini groups will receive a ticket.

Examples: 65 per cent of registrations are for single starters. 35 per cent are for people in mini groups. Therefore, 65 per cent of the starting places will be issued among the single starters and 35 per cent among the mini groups.

To promote trail running in Switzerland, at least 30 per cent of the E101 starting places are available to persons of Swiss nationality. The starting place quotas for Swiss runners will apply to the starting places in the lottery and also to the guaranteed rights to a starting place.

In order to celebrate international trail running, there will be two guaranteed starting places for each nation entered for a distance. Nations will not be taken into account in the mini groups lottery form.

Examples: Only one person of "xy" nationality registers. He/she receives a guaranteed starting place. As soon as more than two people of the same nationality register, they are all entered into the lottery. Their nationality is checked.

ELITE RUNNERS

In order to give fair recognition to high level athletes and to ensure a fair management of entry applications, we reserve places for elite athletes according to their Performance Index in the category of the race they chose to compete. Elite runners must register during the registration period. No registration will be accepted after the deadline.

If the distance is lottery based, the elite runners must register at the same time as other athletes.

Once a distance is sold out, the event organiser has the right to refuse an elite registration.

All elites must register to a race at least 60 days before the race.

See the requirements to qualify as an elite athlete here:

<https://utmb.world/runners/elites> (Section: Elite Runner Registration Benefits)
