

Starter Question

Who was your favorite teacher and why?

BIG IDEA

The mission of God is essential for the life Jesus wants to give us.

SUMMARY

When you lose your why you lose your way, but when you find your why you find your way. The people of God were created and called to the mission of God. **(Genesis 1:28)** God invites us into His mission not because He needs us but because He wants us to be with Him. A life spent on mission is a life of significance. Beloved sons and daughters spend their lives releasing His kingdom instead of building their own. The mission of God is essential for our lives because it gives us a purpose, a cause, and a vision.
