## DISCUSS

1. How has this series changed your perspective of why meaningful relationships with the family of believers are essential?
2. People build relationships for these reasons: meet a need in their life, find friendships, personal growth, or want more of God. Why are you in your Circle?
3. As a result of this series, what responsibility do you now have?

## READ

- Nehemiah 3:28-32
- If some relationships in your life have crumbled, how do you begin to remove the rubble and build new ones with people right in front of you?

## PRAY

Holy Spirit, will you give us courage to ask questions and engage in meaningful conversations.

Challenge: Next time you meet, share with your Circle a meaningful conversation you had while on your campus.
