## DISCUSS

1. Who is one person you can honor by speaking about them, in front of them and others? How has it impacted you when you've been valued in this way?
2. How can you practice listening and being a PAL by posturing your heart, asking intentional questions, and loving others well? Do you have confidence in the fact that God listens to you in this way?
3. Who are you inviting to join you for Christmas at Valley Creek?

## READ
