## DISCUSS

1. What type of momentum, positive and negative, do you have in your life? How does this momentum impact what you will or won't do?
2. We align with kingdom momentum by engaging Scripture, praying, building godly relationships, and engaging with the mission of God. What little by little steps are you taking to gain kingdom momentum?
3. Where do you feel you've grown in mass, (character, integrity, holiness, maturity, faith)? Where do you now need to increase velocity (submitted speed, quick obedience, speed with direction)?

## READ

- Acts 2:1-2
- The disciples had their sails up, ready to receive the wind that was blowing. What evidence do you see that the winds of God are blowing in your life? Are your sails up?

## PRAY

Jesus, we choose to allow and receive your kingdom momentum in our lives. May our lives be overtaken by your kingdom.
