## DISCUSS

1. If living life fully alive is receiving and releasing the life of Jesus to others no matter where we are or who we are with, how are you living consistently in all areas of your life?
2. If you have “checked out” and are no longer living fully alive, what steps can you take to live fully: trust God, stop focusing on material things, value time, stop comparing?
3. Where are you believing for the abundant life that Jesus came to give you?

## READ

Ecclesiastes 5:19-20

In what ways has God blessed you and how can you make that your focus to live with a spirit of gratitude?

## PRAY

Pray that we would live our one life with *life*. That we would reach the destiny God has for our lives as hope carriers in our homes, cities, schools, and workplaces. Pray that we would be able to model living full of life in the good times and the bad.

## ADDITIONAL SCRIPTURES

James 3:13, James 4:13-14
