KINGDOM CULTURE 101

Value: We are quick to repent.

We want to think like God.

DISCUSS

1. How is repenting challenging you to go deeper in your relationship with Jesus?
2. Proverbs 23:7 NKJV says our thinking leads our lives. How would you describe your thought life?
3. The culture of our life is what others experience it to be, not what we declare it is. What would others say about your ability to:
 - a. embrace change?
 - b. be teachable and coachable?
 - c. apologize?

READ

Matthew 21:28-31

Which son are you most like? What is God revealing to you? Where do you need to change your thinking? How is God's kindness leading you to repentance?

PRAY

Jesus, help us be people of humility and holiness with repentance as our main response in life.
