

Weekend Message on January 29, 2023

DISCUSS

1. As a hope carrier, our work is more than our job; it's part of our created purpose. How does this change your view of work in your daily life?
2. As you consider the work you do in your family, your job, or at school, do you rule and reign over your work, or is it ruling and reigning over you? How so?
3. We rule and reign through words and actions. How are your words and actions aligning with the kingdom in every area of your life?

READ

Genesis 1:26, 28 and Ephesians 2:10

By faith, can you believe that your work is worship, work will be rewarded, work builds the Garden City, and work is practice for eternity?

Work has been redefined by Jesus, so we can redefine our work. Take a moment as a Circle and write down a new definition of your "work", considering all areas of life you influence. What's one next step you can take to practice your faith in this new way of living out your purpose?

PRAY

Jesus, we ask that You will awaken our hearts and minds to the redeemed perspective of work as an eternal kingdom calling upon our lives.
