DISCUSS & ENGAGE THE SCRIPTURES

Vision is the ability to see a preferred future.

1. Read [Proverbs 29:18 KJV](#) and [John 10:10](#) ESV. Does your vision for your family align with God's vision for your family? If yes, how so? If not, what's the difference?
2. Read [Joshua 24:23-26](#). What idols do you need to throw away? What next step can you take to move forward in obedience?
3. Read Proverbs 16:9. As a Circle, write down your family vision based on God's vision for your life. What are some values to support that vision?

PRAY

Jesus, thank You for giving us a vision that leads to abundant and flourishing life. May we release our own vision and receive Your vision for our lives, which leads to kingdom culture flowing in and through our families.
