## DISCUSS & ENGAGE THE SCRIPTURES

Access our [Bible App event](#) with Scriptures and message notes from the weekend.

1. Take a moment to celebrate anyone joining for the first time, and celebrate those who invited them! Then talk as a circle about who each of you are inviting.
2. Read Jeremiah 29:13. As we have a conversation on fueling the fire, what is the Holy Spirit showing you about what you truly want through the lens of these three questions?
  - What do you really want?
  - What are you willing to do to get it?
  - How much are you willing to suffer for it?
3. Read Leviticus 6:12-13. Every week, God places burning coals and prepared firewood in front of us through Valley Creek Church. If you're currently using those tools, what does that look like? If you aren't, how are you fueling your fire?
4. Read Exodus 3:11-12. Would you say your life looks more like someone trying to consume God or someone allowing themselves to be consumed by God? How can you tell?
5. Read Romans 12:1. This weekend, we were invited to seek God at the foot of the cross. What was that experience like for you? As you reflect, where is the Holy Spirit inviting you to turn, repent, or respond so your fire can keep burning?

## PRAY

Holy Spirit, help us want to discover more of God in our lives. May we seek God with all our heart.
