

Weekend Message on February 15, 2026

DISCUSS & ENGAGE THE SCRIPTURES

Access our [Bible App event](#) with Scriptures and message notes from the weekend.

1. Take a moment to celebrate anyone joining for the first time, and celebrate those who invited them! Then talk as a circle about who each of you are inviting. Remember, if you came to circle for the first time or invited someone for the first time, plan a time to mark your move together at the Movement Board next Sunday!
2. Read 2 Corinthians 3:18. What does “glory to glory” look like for you right now, and what is the “to” God is asking you to deal with?
3. Read Ephesians 4:29-30. We can tell if our fire is out or not by the words we use and the conversations we have. What have your conversations been full of lately, and are they fueling or quenching your fire?
4. Read Luke 24:25-27. We all have areas where we can be slow of heart – where we hear what God has said but hesitate to fully believe it. With that in mind, where is God inviting you to be quick to repent?
5. Our fire doesn't grow when we learn more about our own lives. Our fire grows by learning more about Jesus, looking at the cross, and consuming God's Word. So this week, how is the Holy Spirit inviting you to fuel your fire?

PRAY

Bitterness can harden our hearts, and hard hearts don't burn. If you feel like there's bitterness or hardness in your heart, share that as an act of humility. Then, by faith, pray Ezekiel 36:26 over one another.
