

Weekend Message on March 1, 2026

DISCUSS & ENGAGE THE SCRIPTURES

Access our [Bible App event](#) with Scriptures and message notes from the weekend.

1. As we've been talking about fueling the fire, you may have gotten some smoke in your eyes or caught some sparks. What has that looked like for you and where is God inviting you to step out in faith and humility?
2. Read Exodus 20:5-6. Every generation is responsible for tending the fire of their lives.
 - What have you been hoping to pass on to the next generation, and how is God reshaping your perspective on what matters most?
 - Based on your life today, what kind of fire would the next generation inherit from you?
3. Read James 1:22. We've been having a conversation about fueling the fire, but we also need to actually take action. Leviticus 6:9-13 shows us three ways we keep the fire burning:
 - Remove the ash
 - Add what fuels the fire
 - Arrange our life so it continues to burn

What's one specific next step God is inviting you to take in one of these three areas so your fire can burn hot? Who can you invite to help hold you accountable?

PRAY

Father, may Your fire fall on us so that we may become people with radiant faces, burning hearts, and holy lives.
