

# Smartengo BEST FIT

vallourec!smart

A new digital solution for  
traceability, fit-up and  
pipeline construction

---

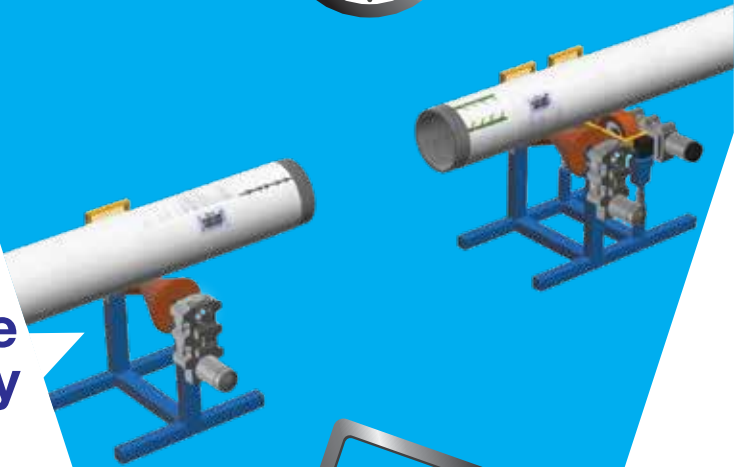

**Secure  
production  
workflow**

**Save time  
& money**

**Maximize  
efficiency**

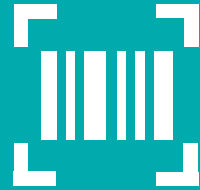

**Easy access  
to digital  
record**

# Traceability

Unique pipe identification tag provides access to all pipe data, facilitating inventory management

# Pipe data analysis

HiLo analysis and pipe-end matching simulation for intelligent grouping tailored to your needs

# Best-fit-finder

Compatibility range marked on pipe, limiting manual rotation, reducing reject rate and saving time during welding operations

# Tag tally

Digital log of construction record (as-welded, as-laid) in easy to export format

**NOW!**
