## PROFESSIONAL SUMMARY

Frontend Developer with professional experience at Aigumind since July 2025, building responsive interfaces with React.js, Next.js, JavaScript and modern CSS. Experienced in translating Figma designs into reusable components, integrating REST APIs, improving UI performance and delivering production-oriented web projects. Hands-on experience developing e-commerce and business websites, admin interfaces, frontend API integration and deployment workflows.

## TECHNICAL SKILLS

**Frontend:** JavaScript, HTML5, CSS3, React.js, Next.js, Tailwind CSS, Bootstrap, Material UI, responsive design

**Backend & Data:** Node.js, Express.js, MongoDB, Firebase, Firestore, Supabase, REST APIs, PostgreSQL, Prisma

**Tools & Workflows:** Git, GitHub, Vite, Postman, Axios, Figma, Docker, Vercel, BigCommerce, API integration

## PROFESSIONAL EXPERIENCE

**Frontend Developer | Aigumind | Karachi | Jul 2025 - Present**

- Build responsive, interactive web interfaces using React.js, Next.js, JavaScript, HTML and CSS.
- Translate Figma designs, PSD files and wireframes into reusable, maintainable UI components.
- Integrate REST APIs, manage client-side state and collaborate with designers and backend developers.
- Troubleshoot cross-browser UI issues and support website performance and SEO improvements.

## SELECTED PROJECTS

**Styleways — E-commerce Website & Admin Panel | styleways.pk**

- Developed and maintained a Next.js storefront and admin workflows for product management, collections and storefront visibility; integrated Firebase/Firestore features.

**New Wheels — Business Website | newwheels.pk**

- Built a responsive Next.js showcase website for tyre-shop services, brand information and customer inquiries.

**Apartment Management System — Frontend Development & API Integration**

- Developed responsive frontend screens and integrated REST APIs supplied by a collaborating backend developer for apartment management workflows.
