

FLEXSHOCK™ PROTECTION: 16FT (4.9M)

Our material technology absorbs impact & uses the heat energy to reform the case.

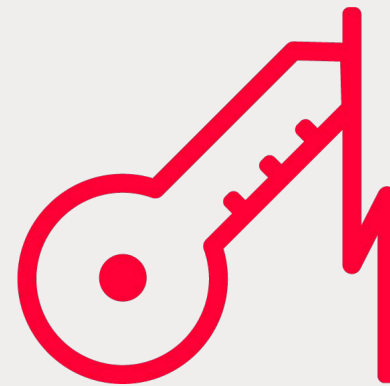

MADE WITH BIO-SPICE™

Our cases feature our innovative Bio-Spice™, which helps break down the case's plastic materials (not magnets) in anaerobic environments (landfills) once you're finished with it, promoting sustainability.

INTERCHANGEABLE MECHANICAL BUTTONS

Feel the click with our mechanical buttons that can be interchanged.

SCRATCH RESISTANT

Our self-healing material properties keep your case scuff and scratch free.

SIGNATURE CHECK DESIGN

A bestselling case with an iconic yet subtle design.

ENHANCED CAMERA PROTECTION

Designed with raised beveling to protect your camera lenses.
