

Kwiko® A Sealing Cement and Filler

For use in Sealing Fittings and Sealing Hubs

See specific sealing fitting and sealing hubs for quantities required.

Applications

- Fiber filler makes dams around and between all conductors to prevent sealing compound from leaking while being poured in its liquid state.

Features

- Kwiko® A sealing cement is a specially formulated water soluble powder. Mixed to the proper proportions, it is poured in sealing fittings and hardens to contain and restrict the passage of gases and explosions in classified areas.

Options

- For larger quantities of Twin Pack® Sealing Cement, contact your local sales representative.
