## Physical Attributes

|                        |                                                                        |
|------------------------|------------------------------------------------------------------------|
| <b>NUMBER OF POLES</b> | Three-pole                                                             |
| <b>TERMINALS</b>       | Standard                                                               |
| <b>TYPE</b>            | UL 1077 Industrial miniature circuit breaker - supplementary protector |

## Miscellaneous

|                    |                                                                              |
|--------------------|------------------------------------------------------------------------------|
| <b>APPLICATION</b> | Suitable for applications where medium levels of inrush current are expected |
|--------------------|------------------------------------------------------------------------------|

## Performance Ratings

|                           |          |
|---------------------------|----------|
| <b>AMPERAGE RATING</b>    | 6 A      |
| <b>CIRCUIT PROTECTION</b> | C curve  |
| <b>FREQUENCY RATING</b>   | 50-60 Hz |
| <b>INTERRUPT RATING</b>   | 15 kAIC  |
| <b>TRIP TYPE</b>          | 5-10X /n |
