# CONSOLE SYSTEM, MPC

This mild steel combinable console system, MPC, has a IP 55/56 protection degree. It includes three interchangeable sections, top, desk and bottom. The system is very flexible and the various possible combinations can meet many design requirements. The ergonomic design of the top and desk units allows for easy installation and access to HMI-equipment, and increases the mounting space available. Stainless steel panels may be used as an alternative for some parts of the console, should it be exposed to chemical agents, etc.
