Training for Contractors

POWER 4 PROFITS (P4P) 1.0

Air-Cooled Residential Standby Generators

Time: Approximately 3.5 hours

Course Description:

In this class you will learn how to size, sell and install generators for your customers. If you've been asked by one of your homeowners to sell and install a home standby, this is the first class you'll want to attend. We will also cover installation updates for NEC 2023 compliance.

Topics Covered

- Residential Market Overview
- Site Preparation
- Generator Connections
- Operational Tests & Final Steps
- Sizing the Generator: NEC 220, Part IV
- Back Up Options
- Transfer Switch Connections
- Fuel Considerations
