EDITORIAL

“That we might have life.” “Life” and “work”, one with the other, dependent, interchangeable but always together.

Advances achieved by Science over the centuries have changed many times the whole pattern of working life. Gone the hard manual labour of former centuries with its ruthless toll of human life: but to what end the substitution, if, by its very easiness, it produces soft living and decay?

We know that, as individuals, we must struggle or we degenerate. “Work is the Law”, as Ruskin said, whether for a livelihood or for enjoyment.

The education of our Youth has been geared to provide not only a training for work, but also a training in the appreciation of the Arts, the things which belong to leisure, and the secret life which is the true life of every man and woman.

The School stages of learning, study and examinations end and the point is reached where YOUTH steps out into the working world. There can be no doubts that opportunity abounds for positions in every field of endeavour as perhaps never before. Newspapers proclaim their virtues, radio and television entreat and entice with their blandishments, guidance is available on every hand. For those seeking only the material things of life, the choice of job is of little moment, for if one position fails to satisfy, for the moment anyway, another opens up. For those seeking their life work however, each position needs a full evaluation before a decision can be made.

Much is made of what is available to YOUTH, but is corresponding thought, care and publicity given to what obligations these same opportunities place upon YOUTH, and what employers hope from them in return.

In general employers do not demand a great deal, but from the time of starting their new workers, they are searching, always searching, for suitable material that will provide the leading hands and future executives.

YOUTH that is prepared to continue studying, is attentive to instruction, prepared to use COMMONSENSE with knowledge, is punctual, cheerful and above all RELIABLE, is a long way on the road that leads to SUCCESS. Such YOUTH will always be helped and taught, and will, in time, find it has a work — a life purpose. "Thou, O God" said Leonardo, "hast given all good things to man at the price of labour."

H.R.H. Edward Prince of Wales, on January 27, 1932, spoke a continuing truth when he said:

"Youth cannot long remain a spectator of life: it will only be a short time before the work of the world will be placed on your shoulders to carry. Many tasks wait for your help: knowledge to be discovered, open spaces to be reaped, natural resources to be developed, sickness to be conquered and wrongs to be righted. With these high quests before you, you will realise that the mere acquisition of material things is not in itself the fulfilment of an individual or a national purpose, and is as little compared with the satisfaction derived from your own effort, especially when that effort advances human welfare and happiness."

So, in all these things, will we have life and have it more abundantly.

STAFF NOTES

This year we have welcomed as new members to the staff-room Mrs. Kingston, Mrs. Carr, Miss Duncan, Mrs. Archer, Mrs. Barker, Mrs. Prentice, Miss Smith, Messrs. MacCreadie, Woodbury, Robb, Kilpatrick and Gilbertson.

During the year Mr. Gillespie left for the Boys' College, Miss Maclean to the Girls' College and Mrs. Titter gave up teaching. Members leaving at the end of the year are Misses J. Bell and C. Duncan to marriage, Miss Lock returns to office

work, Mr. and Mrs. S. Smith to country service at Pahiatua, Mr. G. Pringle to Queen Elizabeth College and Mr. Hartnett, who will work as a colour consultant. Mr. Guild, who has so generously given so much time to photographing school activities, is taking his second retirement from teaching.

We are sorry to see these teachers go but wish them well in their new positions. We are going to miss Mr. Lupton's positive presence in the staffroom while he is absent on exchange in England. Our congratulations go to Misses Bell, Mogridge and Duncan on their engagements, and to Mr. and Mrs. S. King whose son just missed last year's magazine. It has been good to see Mr. Smellie back after sick leave; sports teams have been galvanised by the familiar stentorian voice.

Although it is twelve months after he has left us, we would like to mention the devoted service given to the school by Mr. Forrest, who retired as caretaker after having been with the school from the beginning. The school owes him a great deal.

PREFECTS' NOTES

This year we have been rather unfortunate in losing several of our number. In particular we were sorry to say good-bye to Bridget Sutherland, our Head Girl, early in the year. We congratulate her on winning a Field Scholarship and look forward to her interesting letters from U.S.A.

The school socials this year have had some interesting themes. The first was set in Hades with a small corner of Heaven reserved for the staff. The third formers were kept on the straight and narrow by the use of many traffic signs borrowed from the City Council and James Bond featured very prominently in the Colenso Social. Lighting effects were extremely effective at 1966 socials thanks to Peter Hodder and the P.S.S.C. physics apparatus.

Lacking an intimate acquaintance with more cultural interests we have exploited the field of physical fitness, indulging in skilled matches of basketball, hockey and other not so clearly defined sports. We have found, unfortunately, that the boys are often the superior players. This is due, no doubt, to the practice they have had at throwing one of their number around and onto their newly acquired, bargain price sofa.

We, especially the boys, would like to thank the caretaker and his wife for keeping the studies in immaculate order. We would also like to thank Miss Sutherland and Mr. Smellie for the valuable help and guidance they have given us through the year.

Middle Row: L. Richdale, B. Goldsbury, E. Lawson, P. Hodder, D. McGregor, G. Neilson, L. Jack .
Front Row: A. Lockett, C. Anderson, E. Williams, F. Darbyshire, B. Phillips, S. Denton, D. Cornes, J. Wadsworth.

PUPILS' SUCCESSES

The School congratulates the following pupils on the distinction they have brought to the school:

Susan Bindoff on gaining the school's first University Scholarship.

Lynette Doran on gaining the Snowdon Fairchild Scholarship for highest marks in New Zealand in the Chamber of Commerce examinations for English, Book-keeping, Office Practice and Arithmetic.

Mary Ruston on winning the Leslie Holland Scholarship awarded to the candidate gaining the highest marks in the Wanganui area in the Royal Schools of Music examinations.

Bridget Sutherland on becoming our first American Field Scholar.

Susan Bindoff receiving the Dux's Prize from Mr. Wilson Whineray.

CHOIR NOTES

The School Choir got off to a lively start this year, with Mr. Francis swinging his baton furiously and the Choir trying desperately to keep up with him. However things soon settled down and the choir got down to serious work.

A very pleasing item has been punctuality and attendance at practices, and the amount of attention paid to part learning. All this has helped raise the standard of the choir to one that has never been reached before.

The choir numbered about 120 pupils this year, and it was pleasing to see that it comprised mainly seniors. The boys, although a small group:— Eight Tenors, 13 Basses, managed to keep up with the girls who well outnumbered them.

As the "Festival" approached, the atmosphere became more concentrated and Mr. Francis donned his "Musical Shorts". On the night of the festival, at the Opera House on the 5th October, the choir sang the following numbers:

"The Pipes of Pan" — Geehl.

"Hey For the Road" — Schubert.

"An Eriskay Love Lilt" — from Songs of the Hebrides.

"The Lonely Goatherd" — Rodgers.

"Barcarolle" — Offenbach.

"Estudiantina" — Lacomé.

Our accompanist this year has been Lesley Richdale, and we congratulate her on her fine work. Also we congratulate Lesley on gaining her A.T.C.L. Well done!

To our conductor, Mr. Francis, our heartfelt thanks go out for his untiring effort in conducting and producing our choir.

The Small Choir will again sing at the School Break-Up this year. It will comprise of 20 pupils. Soprano, Tenor, Alto and Bass.

Once again we appreciate the assistance and encouragement given to us by Mr. Gibson and Miss Sutherland.

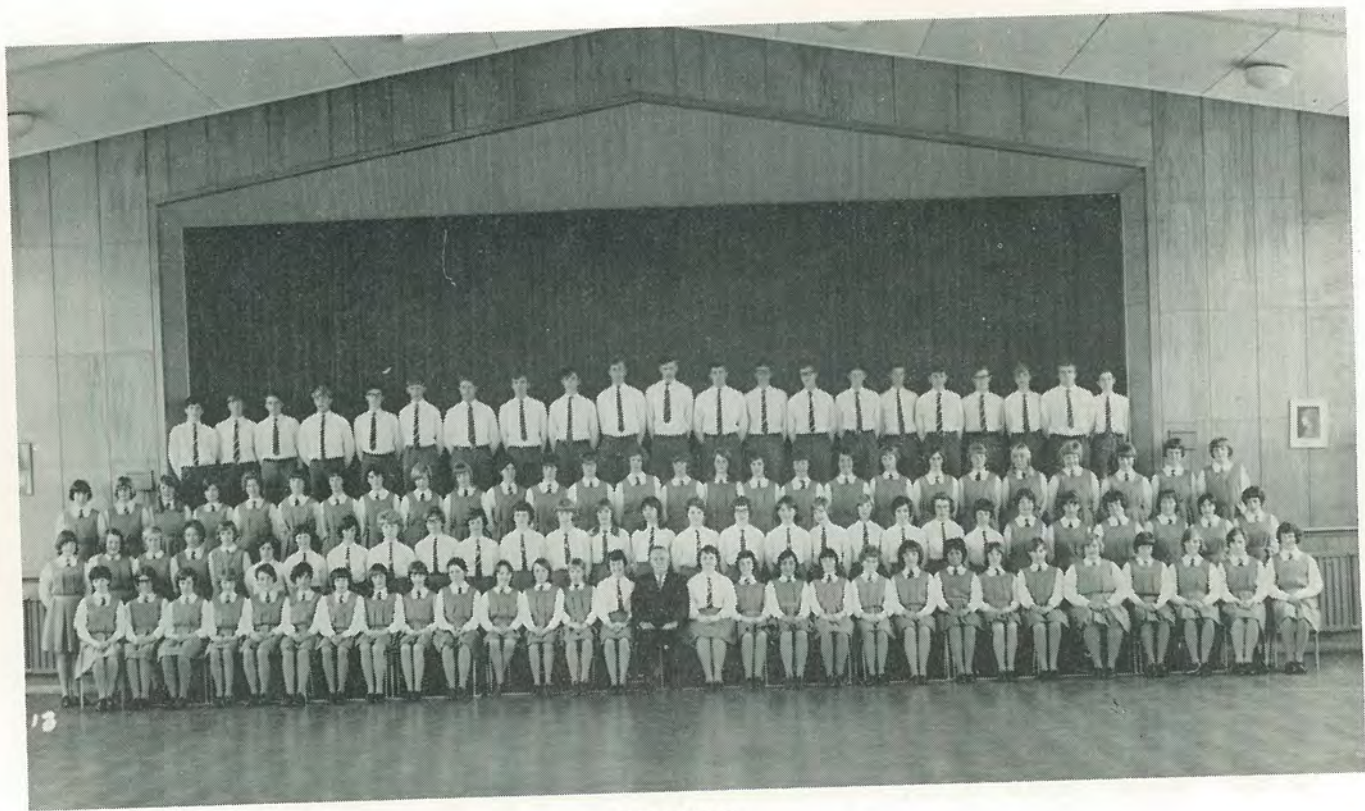

J.G. (Guff).

COMMUNITY & CHARITABLE ACTIVITIES

As well as helping in the house to house appeals for Corso and Cancer the school has had a team bulb planting for the Jaycees and raised a considerable amount of money for "Operation 21."

We began our fund for "Operation 21" with a successful mufti day and after that individual classes and groups raised a large sum by running sweet-stalls and concerts. Also 39 pupils from School entered in the "Operation 21" pram-pushing marathon from Marton to Wanganui.

The result of the bulb planting was obvious in early spring

THE CHOIR

when many people admired the daffodils along the riverbank.

We would like to thank the large number of people who helped in the appeals for Corso and Cancer. The response was particularly heartening and lightened the work of the organizers.

We would also like to thank the whole school for their generous help throughout the year to the various charitable organizations and hope that this practice will be continued in future years.

LIBRARY NOTES

The library has been steadily growing this year under the capable guidance of Mrs. Newman and interest of Miss Salmond. It has also to thank other members of the school for its improvement. Mr. Pringle made us some book ends which have kept the shelves neater and the classifying blocks which were painted by Fiona Darbyshire improve the look of the library. We also owe a note of thanks to past pupils, parents and pupils leaving for their donations of about 60 books. We would like to recommend that other pupils follow the example of this last group.

Mr. Mowbray, from the School Library Service, visited the school in December, 1965, to give valuable assistance in re-classifying, and in weeding out of old books. We held quite a successful sale of these which realised about £4. However, although this made a little more space, this has been more than filled by increasing stock. Since our visit from the School Library Service, we have received several packages of books on loan which, although gratefully received, did not alleviate the situation. The total number of books in the library has now risen to about 4520, over 450 of these having been added this year.

Although there was a keen interest shown in joining the library committee at the beginning of the year, membership was restricted to 5th and 6th formers. It became imperative to add special duties to the regular ones in the third term. Also in the third term the school decided to give recognition to Mrs. Newman's committee by issuing attractive badges. This year the committee consisted of: E. Andrews, L. Brown, A. Glasgow, C. Ellwood, C. Scott, M. Howard, L. Jack, B. Middleton, M. Stone, J. Bealing, R. Lomas, L. Richdale, C. Ghent, M. Herd, M. Hodder, G. Herd, J. Mills, A. Johnson, M. Evans and D. Barrett.

Thanks to Mrs. Newman and her willing team the library has continued to function as smoothly and efficiently as usual.

THE CHESS CLUB

This has been one of the most successful years that the school Chess Club has had since it was formed.

In the third term, a team of nine boys and one girl repre-

THE LIBRARY COMMITTEE

sented the school in an inter-school tournament against three other Wanganui schools. Our team won this tournament on a countback from the Collegiate School. The Chess Club is indebted to the Wanganui Chess Club for organising the tournament and for donating the handsome trophy won by our team.

TRAMPING CLUB

The completion of the Hut building programme allowed a return to more traditional activities this year.

Mr. and Mrs. James, Mr. Lupton, ten boys and five girls revisited the irresistible Otaki river. This time the water was deeper than usual and required a rope for many crossings. We were swept down the gorge on our tyres and lilos, crashing into most of the rocks on the way. Finally a bruised and sodden heap of trampers arrived back at the Forks wondering why on earth we did these things. Weeks afterwards we decided that this was our best trip so far.

Then Mr. James wanted to climb Ruapehu and Egmont, so we did. The weather was perfect for both climbs. Our Hut is an ideal base for the Ruapehu summit trip. Miss Mogridge pleaded to be allowed to die as we toiled up Egmont but she finally reached the top with the rest of us and enjoyed the fantastic view.

Ngauruhoe was the next to be climbed but once again this

On the Mountain

mountain clouded over, and although we reached the top, the view was completely obscured by an opaque, sulphurous fog.

Several Hut trips followed and various groups of pupils enjoyed remarkably good weather and snow conditions. We are pleased to note that some parents and family groups are using the Hut during the school holidays and hope that this trend will continue. In the first year of the Hut's existence over one hundred and fifty people have stayed overnight at the Hut.

The last trip recorded this year was of a small party to Train's Hut in the Upper Waitotara Valley. This is an easy track but it involves a twelve mile walk each way.

The loss of Mr. Brewer and Mr. Roberts this year has been at least partly offset by the interest taken by new staff members Mr. Woodbury (if 4P1 didn't put him off for ever!), Mr. Kilpatrick, Mr. Robb and Mrs. Carr.

The cost of the Hut has now been completely met, thanks mainly to donations from members and some non-members on leaving school. Our next plan is to acquire a stock of tramping gear to enable pupils who do not possess any to take part in this important school activity.

Trampers, past and present, will wish Mr. Lupton well on his year's exchange in England, and hope that he can keep in practice over there, ready for the strenuous days ahead when he returns.

Outside the Hut

THE DUKE OF EDINBURGH AWARD SCHEME

Numbers have been low the last two years largely as a result of little pressure being put on boys to join the scheme. This has been done with the purpose of making sure that boys really develop self reliance and do not rely on a regular push from above. However in future more propaganda will be needed for the scheme to play its part in the School.

This year it appears that only two will complete their bronze award and three who already hold the bronze will complete the silver. Brian Phillips should be the first boy in the school to gain his gold award by the time the magazine comes out. We hope that this will stimulate interest.

STUDENT CHRISTIAN MOVEMENT

Although a fairly small group, the S.C.M. has had an interesting year. Lunch-hour meetings for the first term consisted of a series of talks on the Old Testament given by Mr. D. Millar. Later meetings have included records of modern religious music and talks on poverty, and on prayer.

We have had a number of contacts with S.C.M.'ers from outside school. The travelling secretary, Mr. D. Cooke, attended our opening tea. Several members went to a study evening at Girls' College. In June, two carloads travelled to Palmerston North for a service and tea with Teachers' College and university students. A sweet stall and concert raised money for S.C.M. groups in India. A parcel of books for her school library has been sent to Miss Urquhart in Nigeria.

Our activities have not all been with other S.C.M. groups. The concert performed at school was repeated for patients at the Jubilee Home. Groups of members have attended services in different churches.

Our thanks go to Mr. Gibson, and the staff members and outside speakers who have helped us.

SPORTS SECTION

ATHLETICS

The sports were held in fine weather. Some good individual performances were recorded as usual, especially among the more senior pupils.

Records: Five were broken and one equalled. In addition several times were within one-tenth of a second of existing records. J. Pringle, Girls' High Jump over 15: 4ft. 6ins., M. Hills and O. INTER-SCHOOL ATHLETICS

Held at Cook's Gardens in very wet weather. Two of the hurdles and the under 19 long jump had to be abandoned because of the conditions. This was unfortunate as the senior competition was close this year.

Our under 16 team put up the best performance by any High School team, scoring the highest number of points yet in coming second to Boys' College. We won this age relay for the first time also.

Individual performances:

Senior—D. Cornes, 1st mile, 2nd 880 yds.; E. Williams, 2nd 100 yds.,
3rd 220 yds.; M. Hills, 1st Hurdles, 3rd 440 yds.; Relay 2nd.
Under 16—H. Johnston, 1st Mile, 3rd 880 yds.; P. Wakeling, 1st 440,
2nd 100 yds., 2nd long jump; G. Dunlop, 1st High Jump; McVety, 3rd
Shot; Mitchell, 3rd Discus; J. Knoffock, 2nd Hurdles; Relay 1st.
Under 15—A. Coulston, 2nd 880 yds.; R. Fletcher 3rd, 220 yds., 3rd
440 yds.; Jones, 3rd Mile; Relay 3rd.
Under 14—Ainsley, 2nd 880 yds., 3rd 440 yds.

Team Points:

Senior: W.C.S. 44; W.B.C. 39; School 37; St. A. 18.
Under 16: W.B.C. 54; School 48, W.C.S. 24; St. A. 14.
Under 15: W.B.C. 52; W.C.S. 38; School 12; St. A. 6.
Under 14: W.C.S. 56; W.B.C. 38; St. A. 8; School 6.

House Points for Diving:

- 1, Seddon, 26 points; 2, Vogel, 16 points; 2= Reeves, 16 points;
4, Ballance, 10 points.

The Tabloid Swimming Sports were held in fine weather on March 9th. The results were as follows:—

- Girls—Ballance 387, 3; Reeves 307½, 4; Seddon 406½, 2; Vogel 471, 1.
Boys—Ballance 402, 2; Reeves 355½, 3; Seddon 260, 4; Vogel 402½, 1.

At the North Island Secondary Schools Championships at Palmerston North Mary Jones, Judy Reid, Margaret Jones, Kevin Payne, and Max Aves reached the finals of the swimming events, while Janet Lindegreen and Stephen Wenmoth were placed 2nd in their respective diving events.

In the Wanganui Secondary Schools Swimming sports held in our pool on the 15th March it was pleasing to note the relay wins of the intermediate boys and girls teams, and the individual wins of Mary Jones, Wendy Osborne, Judy Reid, Leigh Doyle, Lauris Mathieson, Janette Larsen and Kevin Payne.

LIFESAVING

Six pupils excelled themselves this season by gaining the Distinction Award which is the highest award yet gained by the school. In the Inter-school lifesaving the boys' and girls' teams were placed third, and Margaret Jones was placed second in the individual girls' competition.

Distinction Award:

R. Fraser, R. Aves, I. Scott, Jane Crabtree, Maeva Syme, Leigh Jolley.

Award of Merit:

P. Gordon, S. Wenmoth, Glenys McFarland (Bar), Margaret Jones, Mary Jones.

Instructors:

C. Thompson, J. Breton, Glenys McFarland.

CRICKET

The 1965-6 season was another very successful one in results, in the keenness of team members, and in the improvement shown by a number of players. The number of regular Saturday players show an increase on the number of the previous season and four teams played competition cricket.

Apart from the games played there were two main highlights of the season. One was the visit of Mr. Bert Sutcliffe who spent some hours with the First XI and selected lower grade players at a net practice. Apart from emphasising particular batting weaknesses he stressed throughout his stay the elementary principles of batting which, together with continual practice, make a cricketer. Visits of this kind are very valuable. We hope for another early next year.

The other highlight was the laying down of a clay-based practice block, and the preparation at the same time of a second match wicket. If not this season, at least next season we should begin to see the results of these new facilities. It

would be appropriate here on behalf of the school's cricketers to thank Mr. Bowden for all of his work on their behalf as far as facilities and gear are concerned, and Mr. W. Phillips for his supervision and construction of the permanent netting for the practice wicket. The season's teams were:

First XI: Coach: Mr. D. Ingham; B. Phillips (capt.), A. Lockett (vice-capt.), D. Morrison, G. Neilson, E. Williams, K. Williams, P. Wakeling, D. Mills, A. Davidson, R. Hayward, J. Fletcher, D. Miller.

Second XI: Coach: Mr. S. Smith; C. Mills (capt.), G. Green, C. Crowe, P. Malloy, I. Scott, A. Miller, I. Wager, P. Hunt, J. Phillips, J. Brown, A. Porteous, K. Saunders.

Third XI: Coach: Mr. S. Smith; G. Hunt (capt.), J. Weatherall, D. Bindoff, P. Bretherton, D. Potaka, K. Stone, L. Davies, R. Cavanagh, G. Robins, R. Fletcher, P. Brereton, C. Hanning, C. Millham.

3rd Form XI: Coach: Mr. G. Gillespie.

First Eleven

This season was the most successful the First XI has enjoyed — winning all of its games but for two which were curtailed by rain. Unfortunately the very success of the team was a disadvantage in that some players got very little cricket particularly in the first part of the season. Four club games, for example, were won by an innings and more. Too many of our two day games were completed in one day or one day and a bit.

The team's success can be attributed to a number of reasons. The first was the very strong attack against which no team could score with ease. Kevin Williams and Peter Wakeling bowled steadily throughout the season, while David Mills ended off with a great burst of wicket taking. The brunt of the attack fell on Williams who took over 50 wickets. Arthur Lockett bowled with great skill again and much of his success must be attributed to the very fine wicket-keeping of Geoffrey Neilson. No team we played possessed a better keeper against all types of bowling.

The second reason for success was the greater stability of batting than in the past. Often the middle order batsmen batted better than those earlier and the danger of collapse, so common in the past, seems to have disappeared. The most reliable scorers were Ernie Williams who batted very consistently and Geoffrey Neilson whose contribution as an opening batsman was invaluable.

The third reason was the control and direction of the team exercised by Brian Phillips. He kept the team on its toes, used his bowlers well and perhaps with one exception drove

home any advantage gained. It was a pleasure to see the manner of the team on the field particularly as this contrasted so keenly with many of the teams we played.

Inter-School Games

v. **Colenso High School** at Napier, 28/29 February, 1966.

This was a disappointing game in that no play was possible on the second day when the position was a very interesting one. Probably the outstanding feature of the one day's play was the very slow batting of both teams and the disinclination to use the bat for its proper purpose. Scott's 5—15 (including a hat trick) for Colenso, and William's 5—20 and Lockett's 4—22 were the best performances.

Result: DRAW.

v. **Taita College** at Wanganui, 7/8 March, 1966.

This was probably the team's most meritorious win in that it played itself into outright victory when such a result looked impossible after a meagre first innings total when seven wickets fell to the genuinely fast and fiery bowling of Reid. Only the courageous batting of Geoffrey Neilson and useful totals from Kevin and Ernie Williams gave us the semi respectable total of 84. When Taita batted for their 111 Kevin Williams bowled well for his 5—19.

When we batted a second time Taita paid dearly for bowling Reid unchanged, when he was unable to take the field. The very useful total of 173 was largely the result of excellent innings by Derek Morrison — one of the most fluent

innings of the whole season — and Ernie Williams and a good tailwag by Bob Hayward and James Fletcher. Taita collapsed in their second innings for 44 largely as a result of a remarkable spell of bowling by David Mills who took 6—13.

v. Rangitikei College at Marton, 5th April, 1966.

Although play was greatly reduced by rain — at one stage the wicket was under water — the First XI rounded off the season with a very good win just before stumps. David Mills continued his good bowling form to take 6—8 and 2—15, and Arthur Lockett 5—23 and 2—9. For Rangitikei College a determined knock of 30 not out by Barry was the highlight. Brian Phillips' 51 not out was a fine performance after some lean scores. An equally fine performance after the game was Peter Wakeling's three helpings. Was it worth it?

In our last two games against Rangitikei College, Arthur Lockett has had the remarkable figures of 16—73, including a hat trick with which he ended the 1965 game.

Special Matches

v. Staff, 8th December, 1965.

To its great surprise a strong Staff XI was heavily defeated by over 100 runs. From the Staff's point of view the outstanding features were some very skilfully disguised (in direction) bowling which proved very difficult to hit, some lusty hitting by Mr. Browne who will be promoted in the batting order next time and some gracious batting (?) by Mrs. Smith. Ross Davidson scored well for the first XI.

Staff 117: Mr. Gillespie 32, Mr. Ingham 26, Mr. Browne 20; E. Williams 3—8.

First XI 233—6: Davidson 64, Lockett 37, Morrison 32, Neilson 22, Phillips 22.

v. Central Districts Supporters Club, 10th December, 1965.

In this game the First XI failed to do itself justice particularly in batting. As in the past this was a very enjoyable game with which to end the year.

First XI 95: Lockett 25, Davidson 24; Mr. Cave 4—3.

C.D.S. 132: Mr. Sewell 46; Wakeling 4—11, Lockett 3—34.

First XI 58—4: Neilson 34 n.o.

Club Matches

v. Marist — won by an innings and 52 runs.

v. T.O.B. — won by an innings and 26 runs.

v. United — game drawn.

v. City — 1st innings win by 37 runs.

v. Collegiate C — won by an innings and 52 runs.

v. Waverley — won by an innings and 70 runs.
v. Boys' College — won outright by eight wickets.
Although not playing through the holidays the First XI came second in the Second Grade Competition.

Lower Grade Teams

The 2nd XI enjoyed moderate success scoring one notable outright victory over Collegiate in the last few minutes of play.

Most teams proved too strong for the 3rd XI but this team is improving and should do better in the future.

The 3rd Form XI did reasonably well and contains several boys who will be prominent in the near future. This season for the first time they played against the 3rd Formers of Rangitikei College.

All teams must be commended for their enthusiasm and the spirit with which they approach the game.

GIRLS' CRICKET

Two interschool matches were played last season. The first against the Girls' College was lost, the second against Rangitikei ended in an honourable draw. Lack of confidence was in evidence in the depleted team which faced the Girls' College side. However, experience gained in this match brought about a much better showing against Rangitikei. In this game R. Morrison skittled the opposing side taking seven wickets for 9 runs, but unfortunately the rains descended depriving High School of a certain victory.

High School Team: M. Osborne (Captain), E. Lawson, E. Lockett, J. Gregory, D. Massey, J. Groshinski, J. Kendall, R. Morrison, K. Pidding, L. Hayward.

GIRLS' TENNIS

This year we played Colenso High on their home territory. The weather on the first day was fine but on the second day it rained, so we had to leave without playing the combined doubles. Although we lost, the games and trip were enjoyed by all.

When we played against Taita, we managed to win thanks to the aid of the boys' tennis team.

The games against Girls' College, Sacred Heart, Nga Tawa and Rangitikei College were not particularly successful, but they were enjoyed.

Better luck next year!

ROWING NOTES — 1965-66 SEASON

This season was again an active one for the rowers, and we were fortunate to have the use of the equipment and facilities of the Wanganui Rowing Club.

The opening of the season was almost a repetition of last season, a regatta at Waitara and a win in the school fours. The eight, rowing with one of the old boys in it, had a good race and came second behind the Boys' College in the school eights.

The Jury Cup Regatta was the first local regatta the School rowed in this season. The First Four rowed an excellent race and won by a narrow margin. The eight was narrowly beaten into second place by Rongotai College.

The Wellington Secondary Schools' was no doubt the most successful as far as winning was concerned. The First Four came second to Rongotai in a large field, which was a notable achievement for a crew of its weight. The highlight of the day,

however, was the school eights race, when under poor water conditions the School crew rowed into first place ahead of Collegiate School's second eight, Wanganui Boys' College, Napier Boys' High School and Rongotai College.

The last regatta of the season was the Head of the River Regatta. In this regatta the eight rowed against two Collegiate crews, the Boys' College crews and a crew from St. Augustine's and came in second. The first four rowed well and came in behind a powerful Collegiate crew and beat the Rongotai crew that had beaten us earlier in the season. The keen novice four proved itself by winning the novice fours.

The highlight of the season was no doubt the trip to Dunedin for the Maadi Cup Regatta. The School Party travelled to Dunedin by Friendship arriving shortly before 12 o'clock on the Thursday night. On the Friday the party travelled out to Lake Waihola and rowed in the heats, the eight gaining 3rd place and the four, taken from the eight, also rowed into 3rd place.

Saturday the 19th March, the day of the 1966 Maadi Cup was a day with perfect conditions for rowing. The party again travelled to Lake Waihola for the finals. The race was scheduled to commence at 11.20 a.m. but in actual fact did not start until after 2 p.m. However, because of the excellent training prior to the race the crew members remained reasonably calm. The race was a tough one and because of the crew's lightness it was a long race but at the finish the School crew came in fifth, quite a reasonable effort out of eighteen of the country's finest crews.

In conclusion our sincere thanks go to our coach, Mr A. R. Byres, for the time, effort and marvellous inspiration he always gives to the crew; to Mr. J. Linsen, Mr. B. Johnson and Mr. H. Mahon for their work with school rowing; to Mr. Pringle and Mr. King for fine efforts; to parents who so willingly provided transport for our trips, and to the Wanganui Rowing Club for its generous assistance.

The 1st eight for the season was: Cox B. Hopper, Stroke T. Johnson, H. Johnston (7), M. Dewson (6), S. Hart (5), R. Buller (4), R. Cornes (3), M. Dunlop (2), D. Simpson (Bow).

RUGBY

In the 1966 season the first XV competed in a newly-formed Secondary Schools' grade with the first and second teams from Boys College, Collegiate, St. Augustine's and Rangitikei College.

1st XV: B. Phillips (captain), K. Williams (vice-captain), G. Neilson, M. Hills, G. Jones, M. Dunlop, E. Williams, K.

IST XV

Back Row (L. to R.): G. Neilson, G. Jones, M. Chapman, M. Hills, K. Williams, S. McIver, O. Jones, C. Crowe,
R. Buller, K. Saunders, Mr. Bowden (Coach).

Saunders, D. Morrison, A. Lockett, C. Crowe, S. Hart, S. McIver, O. Jones, M. Chapman, D. Cornes and R. Buller.

The team was on the average considerably lighter and younger than its predecessors. The members showed outstanding dedication to their training, and this, coupled with a very good team spirit, brought several unexpected successes. In playing its way into third place in the competition, the team played many fine matches, perhaps the most notable of which were those against Collegiate and Boys College 1st XV's.

In the encounter with Collegiate which was played, like the Boys' College game, on a fine day, we were down 13 points to nil at half time but first-class tackling and strong running in the second half left the final score at 16—5. The Boys' College match was even closer, with the result hanging in the balance up till the end. The final score was 11—3.

Our first inter-school match was against Rangitikei College, whom we had previously beaten twice in competition matches. After a good start we led 6—0 at half time but Rangitikei staged a comeback in the second half and after twenty-five minutes we were down by 11—6. However over the last ten minutes we produced what was probably our best open rugby of the season, scoring three quick tries and so finally running out the winners by 17—11. The team for the match was: G. Neilson, M. Hills, E. Williams, G. Jones, M. Dunlop, K. Saunders, D. Morrison, A. Lockett, C. Crowe, S. Hart, S. McIver, B. Phillips (captain), M. Chapman, D. Cornes and R. Buller.

The trip to Taita was very enjoyable, and the Rugby was played on a fast ground in perfect conditions. Both teams played open football but on the day the Taita weight advantage showed in the forwards and this was well finished off by strong running in the backs. When the final whistle blew Taita was in front by 11—8. The team was: G. Neilson, G. Jones, E. Williams, M. Hills, M. Dunlop, K. Saunders, D. Morrison, A. Lockett, C. Crowe, S. McIver, S. Hart, B. Phillips, R. Buller, D. Cornes, M. Chapman.

Colenso High School came here for their match and experienced some of the season's wettest conditions. This was probably to our advantage. The forwards played very good rugby under the conditions and the backs too did everything they could. We emerged the victors by 5—0. The team was: G. Neilson, G. Jones, E. Williams, M. Hills, D. Dunlop, K. Saunders, D. Morrison, A. Lockett, C. Crowe, O. Jones, S. McIver, B. Phillips, M. Chapman, D. Cornes, R. Buller.

A team from the Wanganui Secondary Schools played a team from King Country Secondary Schools as a curtain raiser to the Lions v. Wanganui-King Country match and five of our

members played in this team. They were G. Neilson, E. Williams, A. Lockett, B. Phillips, and D. Cornes.

It was overall a very good season for a relatively inexperienced team.

SECOND FIFTEEN.

This was another good season for the 2nd XV in both results and type of football played. The team played well in the top section of Division II and was only once beaten by any real margin. Both games against Boys' College 'A' were lost by only one point.

The strength of the team lay in the forwards although near the end of the season the backs began to produce the play of which they were capable.

Both inter-school games were won—that against Rangitikei College by a large margin, that against Dannevirke High School 3rd XV only narrowly.

The members of the team were:—R. Cornes (Capt.), J. Fletcher (V.-Capt.), P. Sweeney, A. Anderson, B. Newsome, H. Johnson, T. Johnston, K. Payne, G. Hunt, S. Browne, J. Avers, J. Knowles, J. Knofflock, S. Wenmoth, J. Phillips, D. Simpson.

SEVENTH GRADE 'A'.

The 'A' team enjoyed a fair measure of success, while not achieving the excellent record of its predecessor. Our backline possessed several promising players who suffered from a lack of ball from our light forward pack.

The team was captained by Roy Fletcher, Vice-captain Ross Fletcher.

The Division 5 'B' team captained by David Hodson and coached by Mr. Browne enjoyed a winter term of sport. As a third form team it took several games to mould into a playing unit but as the results show the team had close games throughout.

SOCCER

Soccer continued to enjoy a strong following in 1966. The first and second elevens played in the Wanganui senior competition and three junior teams competed in the schoolboys' open grade competition. High School United were successful in winning the open grade championship.

The first eleven did not enjoy such a successful season. The team is a young one however and next season's could be a different story as strength and experience continues to grow. The team was as follows: C. Thompson, R. Aves, I. Wager, B. Barnes, D. Mills (captain), D. Bindoff, R. Davidson, P. Wakeling, J. Weatherall, M. Smith, P. Gordon. Other plays called upon included W. Armstrong, C. Howie, D. Miller, A. Robbie and M. Dalcom.

Of the seventeen games played, eleven were lost, two

drawn and four won — not an impressive record — but the tough competition gave us a good record in our inter-school fixtures:

V. Rangitikei College. Won 4—1. Although outclassed, Rangitikei were tenacious and fit. They made us fight hard for a victory which was sealed only in the last quarter of the game.

V. Taita College. Won 6—0. Taita have taken up soccer only recently and are still a weak team. The social side of the trip was very enjoyable and we look forward to a more even game next year.

V. Colenso High School. Both teams were at full strength for this highlight of the season. Wanganui scored first and by holding its lead until ten minutes from the end looked as if it might lay the Colenso bogey at last. Two late goals however, on a muddy pitch which Colenso mastered better than we did, gave the visitors an exciting, and on the whole, deserved victory.

BOYS' HOCKEY

1st XI

This year's team was a young one, and while not quite as successful as teams of previous years, played more as a team. The experience gained this year should provide a sound basis for next year's team. During the season McIntyre was selected for the Wanganui Senior Reps. and played for the North Island for the second year in succession, and W. Connell, M. Hughes, T. Frith, D. Packer, A. Farrell and G. Clark played for the Wanganui Under 16 Reps.

Competition Games: Most games were won by narrow margins. School was narrowly defeated by Hinemoa and Boys' College. The highlight of the year was the drawn game with Boys' College, when School came back and dominated the second half.

Schools' Tournament: During the August holidays the 1st XI played in the Wellington Section. School had good wins over Colenso and Wellington High School but were unable to win their section from Wellington College, the eventual winners of the tournament. School came fourth of the ten competing teams. McIntyre was selected for the Tournament Representative Team.

Wanganui 5-a-side Tournament: Three teams were entered in the under 19 section. The first team won their section but were eliminated in post-section play. The second team had a win, a draw and a loss, the third team two draws and a loss.

INTER-SCHOOL GAMES.

Unfortunately these games were played in muddy conditions unsuited to our style of hockey.

Results v. Taita College, lost 4—1. v. Colenso High School, won 4—2.
v. Rangitikei College, won 12—1.

Second XI.—W. Carran (Capt.), S. Britton, A. Anderson, D. Lineham, B. Bebarfald, R. Holford, B. Phillips, P. Spencer, M. Raine, K. Young, R. James and on occasions Gibson and Logan.

The team played with keenness and developed skill as the season progressed. Most of the games were won during this enjoyable season; the team reached a higher standard than in previous seasons.

Third XI.—K. Young, G. Logan, P. Carran, B. Gibson, K. Hughes, B. Leathley, B. Aiken, G. Turner, P. Sales, D. Calman, G. Wills-Johnson, I. Wilson, T. Ballingall, P. Williams, C. Gillespie.

CROSS-COUNTRY

Once again there has been a big gap between the best few and the rest. In inter-school competition we have no one to back up the leaders and so fall behind the larger schools in the team events. The juniors this year, as last year, have little idea of the training necessary for a reasonable standard — this is our weakest division. Individually there were some excellent performances by seniors and intermediates. It was unfortunate that D. Cornes was unavailable for the inter-school event as he showed outstanding form in the school race

A higher standard was reached this year although this fell away during the latter part of the season.

School race (incorporating Sandy Lane and the pine plantation):—

Senior: 1, D. Cornes; 2, H. Johnston; 3, J. Phillips; 4, B. Phillips; 5, D. Morrison; 6, I. Scott.

Intermediate: 1, S. Browne; 2, C. Jones; 3, C. King; 4, C. Adams; 5, N. Dawson; 6, B. Newsome.

Junior: 1, R. Lane; 2, G. Wills-Johnson; 3, P. Carr; 4, D. Samuel; 5, K. Bowen; 6, A. Coulston.

BASKETBALL — 1966

This season saw 16 teams from school competing in the Saturday Competition, with the following results:—

'A' team—Runners-up in the Glover Cup; and winners of the "Anna Greenwood Cup" for the most improved team in the Senior Grade.

'L' team—(top 3rd form team). Won the 4th Grade Opening-day

Tournament. (They were later promoted to the Junior Grade).
Queen's Day Tournament; Junior Grade Championship; Junior Grade Goal average.

'M' team—Won the 4th Grade Championship.

There were literally dozens of girls chosen for the Rep. trials this year — congratulations to all, and the following are the players who finally gained selection to the teams:—

Senior Grade: Mereana Osborne.

Senior Reserve: Wendy Osborne, Janet Lindergreen.

Junior, Intermediate and 3rd and 4th Grades: Barbara Tahau, Elizabeth Simpson (captain), Katerina Bennett, Annette Terrey, Carole Tangaroa.

We won all our inter-school fixtures this year, but I must add here that we met Girls' College twice during the Saturday competitions and the odds were even, one game each, unfortun-

ately the inter-school fixture against Girls' College was unable to be arranged.

Special thanks to Miss B. Stewart, Mrs. J. Skelsey, and Mrs. H. Churton who so kindly refereed our inter-school games, frequently in atrocious weather.

INTER-HOUSE BASKETBALL.

The winners of the Pam Wallace Cup this year were Ballance House.

Two Wanganui Secondary Schools Representative Teams were sent to Wellington for the first time this year, to compete against teams selected from Wellington Secondary Schools.

Our complete 'A' team gained selection. M. Osborne, E. Lockett, V. Dawson in the 'A' rep. team J. Ruscoe, in the 'B' team and L. Doran, D. Foley, A. McKenzie as reserves.

Results:—

Wanganui 'A' beat Wellington 'A': 29—21.

Wanganui 'B' beat Wellington 'B': 33—19.

We are looking forward to holding this fixture annually.

'A' team: Mereana Osborne (Capt.), Joanne Ruscoe, Diane Foley, Lynette Doran, Adrienne McKenzie, Elizabeth Lockett, Vivienne Dawson, Heather Johnstone (injured in a motor accident and left school).

This season, due to a series of injuries, we played and lost the first 4 games of the season and it was our 5th game before we fielded a full team of fit senior players and from then on we were defeated only twice more—once by St. Mary's and once by T.O.G.A. We were 3rd equal in the Competition with Girls' College 'A'; runners-up to St. Mary's 'A' in the Glover Cup; and delighted to win the Anna Greenwood Cup award for the most improved team in the Senior Grade. As many of you will know, Anna Greenwood was our own 'Physhed' mistress until her marriage last December and coach of the 'A' team. She is living in Palmerston North and now plays her basketball for Manawatu. This is a new award and we felt that it is particularly fitting that Wanganui High School should be the first to have its name engraved on it.

'B' Team: Somewhat spasmodic in their play this year. Judith Wadsworth (Capt.), Linda Wadsworth, Sylvia Bleakley, Gillian Neilson, Janet Lindergreen, Helen Carson, Frances Te Porana.

'L' Team: Our top 3rd form team played in the Junior Grade this year. They came through undefeated. There are several players in this young team who I feel sure will ultimately play their way into the top teams of the future.

Wendy Osborne (Capt.), Maureen Dix, Olwyn Bennett, Hini Larkin, Janet Bates, Raewyn Rassmussen, Anne Tauroa, Jenny Tysan.

INTER-SCHOOL FIXTURES.

Tuesday, 28th June: Matches against Waverley at W.H.S. Both games were played in pouring rain and strong winds. Goal shooting was hampered considerably.

School 'C' v. Waverley 'A': Some very unsettled play in the first half. At half time Waverley were leading. The second half of the game became much more intense, play was good for conditions. School won 12—8.

School 'D' v. Waverley 'B': Wanganui was obviously the stronger team, although first half shooting was poor. School won 25—8.

Wednesday, 13th July: Matches against Rangitikei at W.H.S.

School 'A' v. Rang. 'A': Good combination work by school. We were obviously the superior team. School won 28—7.

School 'B' v. Rang. 'B': Game as a whole was rather poor with no-one coming forward for the ball. Rangitikei played very well in the first half. School won 31—22.

Monday, 25th July: Match against Taita College. Team got off to a very good start with some excellent shooting and solid defence work which partly demoralized Taita. Play relaxed somewhat in the second half but school won fairly comfortably 19—14. Combination work was good throughout.

THIRD FORM "A" BASKETBALL TEAM

Standing: (L. to R.): Jenny Tyson, Anne Tauroa, Olwyn Bennett, Janet Bates.
Sitting: Maureen Dix, Mrs. M. D. Richdale (Coach), Wendy Osborne (Capt.), Hini Larkin.

Monday, 8th August: Match against Colenso at W.H.S. Players were handicapped by weather conditions—a light rain fell throughout the game but in spite of this school played a very good game. Mereana, in the centre, played outstandingly, and Joanne and Diane worked together in excellent combination under the goal. At half time we were just ahead but in the second half we drew away to win by 32—17. The whole game was played in excellent spirit by most of the Colenso team and some remarkable wet-weather basketball was seen.

August 20th: Match against past students. A good game in the best of spirits where school won 32—16. Past students had a remarkably good combination considering that they had not played together before. Past students' team:—Judy Leach, G.K.; Lesley Lockett, G.D.; Suzanne Fletcher, W. D.; Pat Marshall, C.; Jill Fletcher, W.A.; Barbara Casey, G.A.; Elaine Haig, G.S.

Many thanks to Gillian Neilson who kept the Basketball Book so very well during 1966.

INDOOR BASKETBALL

The school entered three girls' teams in the Schools Indoor Basketball 1966 competition. All teams competed with distinction. The A team won the A Grade although it did not achieve its true potential due to relying too heavily on one or two talented players. The B team also competed in the A grade and did very well with some of the players attaining a very high standard in the first year.

The C team suffered through unavoidable changes of personnel but at times proved to be a stumbling block for the leading teams in their grade. The girls practised regularly and our thanks go to the Collegiate School for the use of their gym once a week throughout the season. The players would like to express their appreciation to Mrs. Carr for arranging teams and to Joanne Ruscoe and Mr. May for coaching.

GIRLS' HOCKEY

This year seven teams were entered in the local Saturday competition: the A and B in the Senior B section and the C, D, E, F, and G teams in the Junior section.

This year's A team was almost completely new as only four of last year's players came back to school. The final team was not picked until after two or three weeks of hockey. During the season, Margaret Jones, the centre half moved to Hamilton and Carolyn Small came up to take her place.

The A team did not achieve great success at the beginning of the season, but gradually achieved a good form as the weeks progressed and players began to work together as a team.

In the Junior Grade, E and C teams played exceptionally

well, neither team losing a game during the whole season. Both teams have skilful and talented players — which bodes well for next year's senior hockey teams.

Laurelle Brown, Rosalie Scott, Margaret and Mary Jones, Jenny Dyer, Janet Smith and Leigh Jolley were picked to play against a combined Taranaki secondary school team. Laurelle was also chosen for the Wanganui Senior B rep. team.

INTER-SCHOOL FIXTURES.

v. Rangitikei College (home) 12/7/66. Lost 5—2.

The team did not co-ordinate at all during this game.

v. Taita College (away) 25/7/66. Won 3—2.

An excellent and very fast game. Our winning goal was scored two minutes before full time.

v. Colenso College (home) 8/8/66. Lost 3—2.

Another close game. It rained throughout the game and the poor conditions slowed the game down.

v. Girls College: The game was cancelled due to weather conditions. This was disappointing because we had only played Girls' College once at the very beginning of the season.

'A' team: Cynthia Anderson (Capt.), Laurelle Brown (V.-Capt.), Rosalie Scott, Jennifer Dyer, Jean Hyndman, Patricia Bares, Janet Smith, Beth McFarlane, Margaret Flower, Leigh Jolley, Carolyn Small. Reserve, Carol Webb.

The A team would like to thank Mrs. Carr for organising their trip to Tauranga in the August school holidays. We had some very close and enjoyable games. We won two games and lost three. It was a good experience and everybody enjoyed themselves.

Special thanks from all the hockey girls go to Mrs. Carr who has been the Hockey Mistress this season and also to Mrs. Titter who assisted Mrs. Carr. Mrs. Carr represented the school at the Hockey Association meetings. She also coached the A, B, E, F and G teams, Mrs. Titter took the C and D teams.

FUTURE OF A NATION?

I walk into the room
In the dimness, in the twilight
I can make out shadowy figures
Staring.
Figures standing, and reclining
But mostly sitting, not talking,
Hardly thinking
But only staring.
The light in the room is blue
Flickering; the sounds
Shouting, whispering, laughter, gunshots,
Passion, violence, commercials --
All emotions fed into their dulled
Unsuspecting minds
Now alert, and then, — to see their hero fight
Only to win again.
For the hero will always win.
From beginning to end, and another beginning
They sit and watch
Not thinking, unable to think
Except blue, flickering thoughts.
One person, a family, a whole nation
So little to do and so much time
Passive, with no care
They have too much time to sit
And stare.

US TWO (U AND ME)

Wherever there's war, there's always U,
He's trying to stop part three.
Whatever "they" do, he'll try to undo,
"Where's the world going to now?" says U.
"It's hard to tell and that is true.
"We'll all go together," says U to me,
"We'll all go together," says U.
"What stops a war?" I said to U.
"Love of peace," said U to me,
"But a love of peace is nothing new."
"Just what I thought myself," said U,
"It isn't an easy thing to do,
"But that's how it is," said U to me.
"That's how it is," said U.

ALONE

1. Loneliness is cloaked with silence,
Or the noisiest things on earth.
It brings memories of sadness,
Happiness and despair.
Natures own things, stare upon
lonely souls.
Deep in barren deserts,
And swallowed in wild jungles.
2. A jagged peak rises, from dense
cloud layers.
There I stood shivering,
From head down to toes, I froze.
Icy winds knocked me.

A miserable, deep-freeze storm.
3. In scorching sand-wastes.
The blazing-sun has no mercy,
Beating, boiling rays on all
surrounding things.
The only shade, I can find,
Is the prickly cactus-bush.
Nobody is close.
Within a hundred, burning miles.
Towards, North, South, East or
West.
4. I'm a bachelor,
The "Social Society" is not for
me.
The only friends I love,
Are forest creatures about me.
I live far into the back country,
Where I amuse myself contentedly.
In my own small world.
Writing books, about nature's
interesting wonders.
5. On a cold and soaking day,
While, steadily the rain pours down,
Sitting inside with nothing to do.
I read books, listen to the radio.
But I'm alone, everybody stays
indoors.
We can't meet today,
We'll wait until fine ones arrive.

6. Black nights, when the moon
does not appear,
And I am riding country roads,
Just made a visit to Uncle,
He's alone in a forgotten wilderness.
He shares this with my welcomed visits too.
Only his spaniel is company,
Through bored winter-months to come.
7. The brave pilot flies through unknown skies,
He can't tell what could happen,
Directing his aircraft towards his destination.
Loneliness rests in him.
He thinks of kind friends,
Back down, below somewhere.
8. A clever scientist has peace,
For careful study,
To invent a machine,
Or solve his problems, quickly.
Standing upon a steep, mountainside.
An ancient king's fortress he chooses.
The scientist is distant from enemies.
And his secrets, will be well guarded.

A PLEA

My God, my God, why must I feel?
Why can't I be devoid of human senses?
Why must I see, and hear, and witness
That which it is my very purpose to preserve, and cannot
Witness that created by Your will
And destroyed by ours.

P.C. (L6B).

RIDDLE-ME-REE

My first is in Gibson but not in Smellie.
My second is in year, nearly over already
My third is in motto which we wear on our blazers
My fourth is in "First Fifteen" who played as curtain raisers
My fifth is in basketball but not in ref.
My sixth is in Shakespeare and also Macbeth.
My seventh is in choir but not in tune.
My eighth is in U.E. to be sat very soon.
My last is in something we can't do without
When you find the last letter you will know what it's about.

E.S. (3G1).

DOODLES

When one is stuck for an idea to write
In class, then one should doodle,
It gives all sorts of inspirations
When one is completely foodled.
It stimulates thought
When one thinks naught,
Or perhaps one thinks: "Unable!"
And when one is bored
One's finally scored
When doodles one draws on the table.
The doodle may be all shapes and sizes:
Round, square, or even kapoodle,
But place your pen on the page and draw,
Hey presto! You've just made a doodle
This doodle is thin.
That doodle kinks in,
And that one — well — what?
This one is regular,
That one peculiar,
But what a fine doodle you've got.

R.C. (L6A).

THE BIG GAME

Collars turned up against the wind.
And scarves across the chest,
The keen crowd huddles for warmth
On packed terraces and stands.
The ground is wet and slippery,
For the battle between red and black
Heroes will be made,
And memories forever kept.

L.H. (3P1).

RAINING

People rushing here and there
As the rain began to pour,
Umbrellas go up and
Raincoats put on
As people rush inside
The children come home
Wet as can be;
Mother says "Where have you been to get so wet?"
"Just treading in puddles" they answer with glee.

S.L. (3CH2).

"TREES"

The sun blazed through the stately trees
That revelled in its warmth; and turned their leaves
From rustic browns to mellow reds and golds,
Recreating beauty from its original moulds.
The trees stood resplendent, their boughs touching the sky,
Calm and unperturbed; as time flowed by;
Until the wind, with frivolous glee,
Grasped at the branches, playing havoc with the leaves.
And then the trunks stood grotesque and bare,
Enhanced by nothing, facing the winter unprepared.
The falling snow surrounded their silhouettes,
The wind wailed mournfully through the unclothed relics;
And then the tiny seed of spring flourished
In the shape of a solitary flower, which cherished
The shelter provided by the awaking trees,
Which blossomed fully into havens for birds and bees,
Some petals fell to the soft moss carpet below,
And settled amidst depths of the delicate "snow";
Some budded forth into fruits of temptation,
While others the breeze scattered to their destination;
Until finally autumn threw open her cloak,
And reclaimed the leaves of maple and oak.
As days passed into months, the seasons revolved,
And the fate of the trees still remains unsolved.

W.D. (L6A).

THE PEACOCK

In a wire pen he stands, dusty,
Scratching nervously in the filthy dirt,
Bright feathers covered with the fine,
Penetrating dust. Sharp eyes,
Bright through the haze of the heat,
Peer uncuriously at excited watchers
Sharp claws, grey with dust,
Scrape at the unyielding earth:
No blade of grass
Finds foothold there, only the dust.
Filling potholes.

THE CLASS

Silent they sit, awake yet unconscious,
Dreaming of days gone, days coming,
Anything but the here and now,
A noise — the teacher talking — drones
Unheeded. A fly buzzes
And an untidy drawing pin sticks to the wall.
Hands lie on desks,
With the relaxed crispness of empty paper bags
And sunlight creeps across, shadows move.
Slowly,
At 3.15 p.m.

THE GLADE

There was a little clearing in the wood.
Where the grass was green,
And like velvet to touch.
It was dotted with clumps of wild daffodils,
And their fragrance seemed to fill the woods
The little stream at the foot of the slope.
Was gently babbling in the hope,
That it would at last reach out to the sea.
The blue sky above reflected the mood
Of that tranquil scene.
The daffodils were clumped in two's and threes.
And their beautiful yellow heads,
Swayed with the wind,
And played with the sun,
Like little children.
And finally at the back of it all.
Stood the cool dark woods,
Like a guarding giant o'er this scene,
To see that the peace and tranquility was not broken,
And that not a word was spoken.

THE ISLAND LOVER

There was a man who loved islands. All islands, anywhere, large or small, were his delight. He spent his life travelling from island to island, meeting island people and eating island food. He was happy as he wandered the seas, never resting, always searching for more islands.

Then one day he found the perfect island, small and green, with a few trees and a low hill. He stood appreciatively on the

beach, soaking in the perfection of this island. It pleased him, this island. It pleased him as no island had ever pleased him before. With the eye of an experienced island-viewer he noted the pleasing contour of the hill and the white curve of the beach. Then he gave a pleased smile. He had found his goal.

The man built a small house on the island. He built it very carefully, out of island wood. He bought a small boat, and built for it a jetty, out of old green logs hauled from island trees. Then, when his island was ready, he went to live on it.

He lived happily, quietly in his house on the island. Once a month he made a trip in his boat, to buy those few necessities, and those few luxuries, which his island did not supply. He bought himself a goat, and a few brown hens, and a black dog. The days passed on his island, quietly and gently, while seaweed grew on the jetty and moss grew on his roof. A few aeroplanes flew over, but the man, grown older now, looked up, unconcernedly. Sometimes a boat would call, and the man would greet the sailors courteously, and show them the stream, and forget them when they left.

Then, one day, a long white ship came and stayed. The men from that ship told the island-lover that he must leave, go to another island. He stared at them sadly, then walked slowly back to his hut to sleep. The next day, when the men came to take him away, his hut was empty. The old goat looked at them without curiosity as they flung open the door and ran down the path. They searched the island for three days, then gave up. They left the next day, in their long gleaming ship.

The man stepped out of the trees and looked with satisfaction at the empty bay. He walked to his house and fed his dog, then walked back to the beach. He surveyed his island complacently, and lifted his eyes to the highest hill.

Suddenly he stepped back, angrily. Those men in the long ship — what had they done to his island? He watched, uncomprehendingly, as his beautiful island split, and as the sea boiled in the angry gashes. He ran, ran up the path, then down, across the beach, back, then fell on the cool white sand.

The scientist watched with satisfaction as the symmetrical orange mushroom grew from the horizon. Then he turned to his companion "I wonder where the old codger got to".

THE ART OF DOING NOTHING

Here is a minute by minute description of a typical holiday:

Yawn. The sunlight rudely floods your eyes and awakes you to another action-packed day. "Uhh". You turn your back

on this bright intruder and doze off for another five minutes. (Make that ten.)

Finally we push ourselves out of bed and get dressed. After washing (no, not the dishes, Mum forces "those" on you after breakfast), you walk into the kitchen and and stare at the plate of cold porridge that greets you.

After breakfast, you are lost for something to do. Of course there's always homework, but that's different. You sit there for a minute and then spot the paper. After reading the news at least six times, you turn to your horoscope. "You will have a busy day, packed with thrills and excitement".

Another half hour passes then inspiration comes to you: write a play (or something). In a flurry of arms and legs you knock over your little sister as you scramble to secure a piece of paper and a pen. You sit down enthusiastically — but after the first six pages you give up, hopelessly.

"Lunch", shouts a voice from the kitchen. Good. Here's a break in the monotony. After eating, you get so desperate that you actually ASK to do the dishes. Picking herself up, Mum (of course) agrees.

Then, at long last, it is four-thirty. Time for the Sunset Show. This lasts until six-forty-five, after which you watch television.

After three weeks of this, when we arrive back at school, we moan our heads off and say "Oh heck, back to school".

MY HOBBY

My sole hobby is birdwatching. This hobby has one advantage over many other. The objects under scrutiny do not cost anything. All that is required is good pair of eyes and a very versatile mind. A liking for mathematics can be of assistance though not necessary for full enjoyment. I devote most of my time to watching birds. I classify them as either interesting or uninteresting. The latter groups are fat or thin or plain or ugly. They are lifeless and they depress me.

Ah, but the interesting ones, they are beautiful. They are a credit to their maker, Mona Lisas in their own right. How my heart thumps and my eyes goggle! These birds make life worth living and I hav dedicated my life to their preservation. Some of the species are superb and if you do not believe me I have some statistics, obtained in the utmost confidence, to prove my point. This is a hobby which I would recommend.

D. Crabtree

TO AN EARLY MORN

As the sun sent its rays to beckon me from slumber it was impossible to stay abed. It dared me to resist the temptor, yet enticed me to follow its bidding.

Released from the confinement of a window, the sky seemed filled with the spectacle of morning fireworks, scattering their combined effects throughout the sky, regardless of continuity. The sun, with the equability of Uncle Tom, and beaming all over his ruddy complexion was complacent in the knowledge that he was welcome. Across the horizon however, clouds gathered their forces, as if to wipe out that smug smile of self-satisfaction sported by the sun. A field mouse scurried to breakfast, his tail poised, eyes bright and daring, the small grey body alert for danger. Blades of rich grass strained towards the sky with their green fronds like stalagmites striving to reach their counterparts. A family of birds, early risers, lifted their downy breasts in chorus to herald the coming of the morn. The infragable mother bird stubbornly willing her youngsters to feed, ignored all protest. The leafy boughs of the trees swayed gently, as aided and accompanied by the breeze they made harmony. A lacy spider's web was draped over a hedge, its sole occupant sitting in her parlour; perhaps expecting an early caller. The dew sparkled on this symbol of security and gave it an iridescent appeal.

This was Nature at her sublime performance, startlingly beautiful, yet with the calculation of a creator.

EX-PUPILS

By now our ex-pupils can be found in different parts of New Zealand although we are still a young school. If someone in each of the university centres would take it upon himself to supply information about Old Boys and Old Girls to either the Editor or to the Secretary of the Association, such news could become a useful part of The Record. So, it is over to you, Ex-Pupils. We welcome any news for next year's Record.

ANNUAL REPORT OF THE WANGANUI HIGH SCHOOL HOME AND SCHOOL ASSOCIATION

Officers of the Association for 1965-66 were as follows:—

President: Mr. A. J. W. Hodder.

Vice-President: Mr. L. R. Syme.

Secretary-Treasurer: Mr. J. N. Caradus.

Executive: Mrs. R. Chambers, Mrs. R. C. Davies, Mrs. R. E. Dawson, Mrs. G. B. Lockett, Mrs. M. H. Smiley, Mrs. A. R. Till, Mr. W. K. Burt, Mr. A. D. Canning, Mr. C. E. Cornes, Mr. P. V. Foley, Mr. A. T. Gibson, Mr. C. E. Goldstone, Mr. P. Holford, Mr. R. B. Johnston, Mr. O. G. Moore, Mr. T. C. Norris, Mr. A. S. Wenmoth, Mr. P. A. Young.

It is with pleasure that I present the 8th Annual Report of the Association. This means that the school has now entered on its 9th year of activity.

As has become customary, five general meetings, including the Annual General Meeting were held during the year. The average attendance was approximately 130. At these meetings, after the normal business of the Association was transacted, addresses were given as follows:

At the Annual General Meeting on 22nd April 1965, Mr. Gibson spoke on "Honesty in Education".

On 22nd June, Mr. Caradus dealt with the Free Text Book Scheme, Choices of Subjects for School Certificate and the Work of the Mathematics Department.

July 14th being the "Report Meeting" was the best attended meeting of the year. No address was given but a "Bring and Buy" stall organised by Mrs. Lockett raised approximately £9 which has been added to the Gymnasium Fund.

On 19th October, Mr. Smellie, who had spent a year in Great Britain on an Education Fellowship, told us of his impressions of Secondary Schooling in Great Britain and afterwards showed some interesting slides of places he visited in Great Britain and also in Canada.

On 22nd March of this year Mr. Gibson gave a thought provoking address on "Modern Concepts of Discipline".

Sincere thanks are expressed to all who addressed these meetings, to the ladies who assisted with supper and also to those gentlemen who expressed your thanks and appreciation to the various speakers.

During the year, the Executive met as required. The chief business was to arrange programmes for the General Meetings, to organise a stall for J.C. Market Day and make plans for Gala Day. The profit from this effort was approximately the same as last year, namely £550. J.C. Market Day raised a further £100. The school has now raised over £5,500 for the gymnasium. As we qualify for the maximum subsidy of £9,000, the fund now exceeds £14,500. Plans for the building are well

advanced and tenders will be called very soon.

One of my privileges during the year was to officially open the Tramping Club Hut on Mt. Ruapehu. This was a proud moment for the club and marked the completion of a project accomplished with much planning and physical effort. The school has a wonderful asset in this building.

In conclusion, I should like to express my personal thanks to all members of the Executive and of the staff of the school for the help and support given to me during the year. It has been both a pleasure and a privilege to work with them.

A. J. W. Hodder, President.
