

# Meat Process Workers

Silver Fern Farms is New Zealand's leading marketer, processor and exporter of premium quality lamb, beef, venison and associated products. We are a regionally significant business: with annual revenue, in excess of \$2.3bn, 7,000 employees, 5 offshore offices, 14 processing sites in New Zealand and exporting to over 60 countries.

'To become the world's most successful and sustainable grass-fed red meat company' is our vision as a food company. We are committed to excellence with a level of skill, expertise and care that allows us to bring the very best of New Zealand to the world.

Silver Fern Farms are seeking Meat Process Workers at our Waitotara plant for the 2020 season.

Inexperienced and experienced people are welcome to apply as full training will be given.

To be suitable, you must:

- Be eligible to work in New Zealand
- Be physically fit and reliable
- Be able to pass ongoing drug testing
- Have a positive and hardworking attitude

Silver Fern Farms is working hard to maintain a drug and alcohol-free workplace. Pre-employment drug testing is mandatory.

- Waitotara is a small rural community on the west coast, located on the border of the Taranaki and Wanganui/Manawatu regions, the nearest city being Whanganui
- Our Waitotara plant employs about 230 staff in the peak season, processing sheep, lamb, calves, and occasionally goats

We offer a great team environment and you'll be working with a proud team of people in a progressive food processing company.

If you enjoy working as part of a team, have a 'can do' attitude, keen to learn, not afraid of a bit of hard work, and are a New Zealand Citizen/Resident, or hold an Open Work Permit, then we want to hear from you.

To apply, call into the Silver Fern Farms Waitotara Office, Waiinu Beach Road, Waitotara to complete an application form (bring ID with you).
