Weds 9 April
Student Achievement
Conferences

Fri 11 April
Term 1 Ends

JAKE NEWTON
HEAD BOY

*Mathematics Calculus & Algebra,
Design & Visual Communication,
Physics, Geography, Chemistry, Study*

I am honoured to serve the school as Head Boy this year and am grateful to have such a stellar prefect team for 2025. This year, my goal is to lead by example—displaying the core LIFE values and encouraging others to embrace all the opportunities our school has to offer. I believe that with dedication, teamwork, and a positive mindset, we can make this year truly exceptional. I look forward to the challenges and successes ahead and wish everyone the very best for the year.

LILLY TERREY
HEAD GIRL

*Mathematics, Biology, Psychology,
English, Dance, Study*

Kia ora, I believe that our school motto, "LIFE," is the key to success alongside the help of our family and the people we surround ourselves with. By leading by the LIFE values, it teaches us resilience for not only in school, but also outside of school. From our school motto we learn how to balance schoolwork, sport activities and all our other commitments. This year we have the most foremost prefect team with some lifelong friendships already being formed. We show support to each other which has led to us all being extra excited for our last year. Whanganui High School makes every student the best they can be, while enjoying their time in their high school years.

BENJAMIN ROSS
DEPUTY HEAD BOY

*Psychology, Photography, Classical Studies,
English, Drama, Study*

As Deputy Head Boy for 2025, I am excited to step into this role and make a lasting impact at Whanganui High School. With a fantastic Prefect team by my side and as co-chair of the Student Council, my goal is to ensure every student feels heard, supported, and empowered to make the most of their time here. I'm focused on making this year one where students feel motivated to embrace challenges, explore new opportunities and create lasting memories. With a strong sense of purpose, I'm excited for the opportunities ahead and to contribute to our school's growth.

JEIDE TYRELL
DEPUTY HEAD GIRL

*English, Geometry & Calculus, Physics,
Chemistry, Spanish, Study*

Talofa lava, Tēnā koutou katoa and greetings to you all. Maintaining my hauora throughout my schooling is what has pushed me past my own limitations towards effectively achieving my goals. Actively participate in anything you do; you will greatly benefit because of the quality experience and knowledge you gain. Use every opportunity to your advantage, never be too afraid to ask questions because there will always be someone else wondering the exact same thing. Accept everything with an open mind, through acceptance you become able to gain a deeper understanding of other people, their situations, and their life values. Nga mihi!

HEAD OF ACADEMIA

LUCAS HODGSON

*Probability & Statistics, Mathematics
Calculus & Algebra, English Literature,
Digital Technologies Science,
Economics, Study*

BONNIE HERRICK

*Probability & Statistics,
Mathematics Calculus & Algebra,
Physics, Geography,
Spanish, Study*
