2020 NEW PRODUCT HIGHLIGHTS

# WE IMAGINE OUR WAY TO WHAT'S TRULY INSPIRING.

The intersection of form and function is a fascinating place. Especially where deep insights about daily life are present, alongside creative ideas. When it comes to the latest collections, innovations and expansions from the Delta® brand, you'll see plenty to pique your interest in terms of design alone. But you'll also appreciate the thoughtfulness we've put into products that make interactions with water surprisingly better. For us, that's where true inspiration lives.

# GLASS RINSER

From baby bottles to wine glasses to travel cups, spend less time soaking and scrubbing. With high-pressure water jets that reach where you can't, the Delta® Glass Rinser thoroughly rinses residue in seconds.

- Simply press drinkware down and powerful jets go to work.
- Gentle on delicate drinkware.
- Sleek, low-profile design coordinates with any faucet.
- Easily installs in an empty countertop hole, such as those used for soap dispensers and sink sprayers.
- Metal base and a sleek, low profile design coordinate with any faucet.
- Available in Chrome, Arctic® Stainless, Polished Nickel, Matte Black, Black Stainless, Champagne Bronze™ and Venetian Bronze® finishes.

# IN2ITION<sup>®</sup>

## 5-SETTING TWO-IN-ONE SHOWER

Our unique dual-functionality shower now features a new design aesthetic that offers increased functionality, while highlighting additional innovations.

- Use the shower head and hand shower separately or together to maximize flexibility without sacrificing warmth.
- A powerful integrated magnet pulls the hand shower precisely into place and holds it there, so it stays docked when not in use.
- Get a full coverage shower experience even with the hand shower undocked.
- Get the feeling of more water without using more water with the H<sub>2</sub>Okinetic<sup>®</sup> PowerDrench<sup>®</sup> spray.

# ULTRASOAK™ SPRAY

UltraSoak Spray mimics dense natural rainfall in an intensely saturating shower. A cascade of water drops creates a soothing, fully immersive experience.

- Water-sculpting fluidics chips produce more saturating coverage.
- UltraSoak water-sculpting fluidics chips don't have moving parts to wear out over time.
- Touch-Clean® Spray Holes make mineral buildup easy to remove.
