REFINEMENT. INSIDE AND OUT.

We've always been just as focused on the durability and functionality of our faucets as we have on their lines and curves. Our unfettered dedication to quality has helped make us a household name.

Inside this catalog, you'll find faucets that fit any number of styles paired with multiple innovative technologies. Factor in our commitment to the highest quality, and you can see what we mean when we talk about true beauty.

TOUCH20[®] TECHNOLOGY

Touch it on. Touch it off. Start or stop the flow of water with a simple touch anywhere on the spout, hub or handle.

TOUCH20.XT[®] TECHNOLOGY

Three convenient ways to operate your bathroom faucet—manually, with a touch or hands-free.

DELTA[®] TECH20[™] CONCIERGE PROGRAM

An advanced service experience that answers every question you could have about our advanced touch technology—and ensures your satisfaction.

MAGNATITE[®] DOCKING

A powerful magnet keeps pull-down wands in place—and faucets looking picture perfect.

H₂O KINETIC[®] SHOWERS

With water sculpted into a unique pattern, you get the feeling of more water while using less of it—creating a shower with indulgent warmth, coverage and intensity.

SHIELDSPRAY[™] TECHNOLOGY

A powerful spray within a protective sphere of water clears away mess with an average of 90% less splatter than a standard spray.

DIAMOND[™] SEAL TECHNOLOGY

Smooth operation for the life of the faucet with no lubrication or wear on seals.

TEMP20[®] TECHNOLOGY

A digital display shows the temperature of the water flowing from your shower head or tub spout so you know when it's right for you and safe for your family.

HYDRORAIN® TWO-IN-ONE SHOWER HEAD

NOW WITH H₂OKINETIC® TECHNOLOGY

Even more luxurious and relaxing with H₂Okinetic Technology, the HydroRain Two-in-One Shower Head allows use of the raincan only, the shower head only or both at the same time.

IN2ITION® TWO-IN-ONE SHOWER

Direct water where you need it most: use the integrated shower head and hand shower separately or together to maximize flexibility without sacrificing warmth.

UNIVERSAL DESIGN SOLUTIONS

Thoughtful, beautiful design on the outside, combined with smart, accessible technologies on the inside—helping people experience independence no matter their age or ability level.

WATERSENSE® AWARD WINNER

We're proud to be named as the EPA WaterSense Manufacturer Partner of the Year in 2011, 2013 and 2014, and as the WaterSense Sustained Excellence Award Winner in 2015, 2016 and again in 2017.

GOING BEYOND GOOD LOOKS.

With sleek lines and eye-catching designs, our kitchen collections stand out. But it's what you don't see—like Touch2O® and DIAMOND™ Seal technologies—that shows just how beautiful these faucets are.

STYLE THAT'S SMARTER.

Looks aren't everything, but combine them with function that elevates your lifestyle and you understand our philosophy. With styles that range from contemporary to classic, and innovations that change the way we experience water, these faucets redefine beauty.

WHERE WATER TAKES SHAPE.

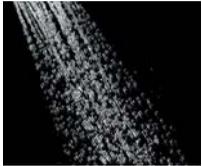

We design shower heads that not only deliver distinct looks, but also work with water in dynamic ways. Incorporating technologies like H₂Okinetic® Showers, Temp2O® Technology and our HydraChoice® Body Spray System into our stylish designs transforms your daily life.

LUXURIOUSLY PERSONALIZED.

Our range of shower head and hand shower spray patterns provides you with the exact shower experience you're looking for. To identify spray settings on products in the bath and shower sections, look for these icons.

Adjustable Full Body Spray (AF)
Adjust the water flow for a harder or softer spray.

Adjustable H₂Okinetic® PowerDrench™ Spray (AH₂O)
Allows for full flow or water-efficient spray.

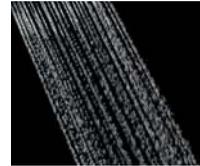

Crossing Full Spray (CF)
Consistent pressure from all spray holes with crossing streams for more coverage.

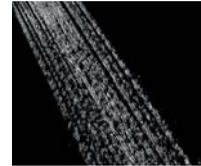

Crossing Full Spray with Massage (CFM)
Coverage of crossing full spray with addition of a soothing, pulsating spray.

Fast Massage (FM)
Strong, pulsating spray.

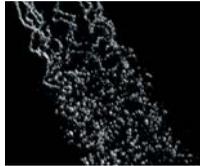

Full Body Spray (FB)
Consistent pressure from all spray holes.

Full Spray with Massage (FSM)
Consistent pressure from outside spray holes, plus soothing, pulsating spray.

High-Efficiency Spray (HE)
Provides full coverage and feels like greater water pressure at lower flow rates.

H₂Okinetic PowerDrench Spray (H₂O)
Large drops and dense, wide spray pattern create a blanket of water.

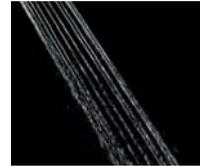

H₂Okinetic PowerDrench Spray with Massage (H₂OM)
Large drops and dense spray pattern, plus a pulsating spray.

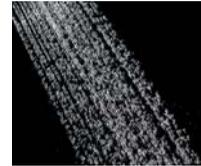

Massage Spray (M)
Soothing, pulsating spray.

Pause (P)
Reduces water flow to a trickle.

Shampoo Rinsing Spray (SR)
Strong, full body spray.

Shampoo Rinsing with Massage (SRM)
Strong, full body spray plus a pulsating spray.

Slow Massage (SM)
Soothing, pulsating spray.

Soft Drench Spray (SD)
Soft, aerated, soaking flow of water.

Soft Drench with Full Spray (SDF)
Soft, aerated, soaking flow of water with additional sprays to provide fuller coverage.

Soft Drench with Massage (SDM)
Drenching full spray plus a pulsating spray.

Soft Full Spray (SF)
Soft, consistent pressure from all spray holes.

Soft Rain Spray (SRS)
Gentle fall of water that feels like a soft, spring rain.
