## Eaton's **connected home** eco-system is designed for reliability and easy installation.

The features built into the products and the advanced diagnostic tools to support it are designed to minimize callbacks for the contractors. Integrate a variety of smart home devices and access them even when you are away from home with a mobile app.

**Eaton's home automation hub** provides homeowners, builders and electrical contractors with a single, smart home solution for integrated automation and energy management.

**Eaton's Z-Wave anyplace switch** gives you the flexibility of quickly installing a switch where one does not exist - no additional wiring required.

**Eaton's Z-Wave Plus wireless devices** offer improved communication range, S2 Security, dimmable load indicator lights and improved dimming capability with LED lighting.

# Eaton's Home Automation Hub

Eaton's home automation hub is a powerful gateway for your connected home. With a single app, it puts automation and energy management a touch away.

Eaton's home automation hub provides homeowners, builders and electrical contractors with a single, smart home solution for integrated automation and energy management.

**Single app control:** Manage lighting, security systems, locks, garage door openers, thermostats, cameras, entertainment networks, sensors and more.

**Security enabled:** Integrate with popular security systems to simplify control.

**Simplified installation:** Install the hub and Z-Wave based products with ad-hoc WiFi capability and mobile app.

**User interface:** The intuitive mobile app works across different eco-systems and supports voice control.

**Remote access:** Allow users to access the system and connected devices away from home.

# Wireless collection

## Home automation hub

### Product description

120V/AC/c.a/CA;  
50/60Hz power supply

### Design features

- Simple and quick installation
- App based local and remote control of hub and all devices connected to it
- AP/Ad-hoc WiFi mode for installation without an active internet connection
- Can be mounted on the wall or placed on a flat surface
- Powered by micro USB or Power over Ethernet (PoE). PoE injector sold separately
- Built-in WiFi and Z-Wave radios for connecting wide variety of devices
- Automatic over the air software updates to ensure the device is always up to date
- Support for configurable scenes, schedules and notifications (text and email)
- Auto discovery and simple setup of popular smart home products including lighting controls, thermostats, garage door openers, door locks, sensors and more
- Works with Eaton Home App (available for IOS and Android devices)
- Works with Amazon Alexa for voice based control

# Eaton's Z-Wave Plus Wireless Collection

Includes a broad lineup of lighting controls including wireless universal dimmer, wireless accessory dimmer, wireless switch, wireless accessory switch & wireless duplex receptacle. All these devices feature Z-Wave Plus Technology, improved communication range, S2 security, lower power consumption & over the air updates. Available in 2 unique physical styles and 10 different colors, this allows the users to match the devices to their home décor and designs.

## Z-Wave Plus Wireless Universal Dimmers

Eaton's Z-Wave Plus wireless universal dimmers replace regular switches (where a neutral is present) to provide local and remote ON/OFF as well as dim UP/DOWN control for most common residential lighting loads including LEDs up to 300W. Each dimmer can be manually and remotely controlled by commands sent from your compatible Z-Wave certified controller. Voice control is also enabled for these devices when used with a compatible controller and voice assistant such as Amazon Alexa or Google Assistant.

## Z-Wave Plus Wireless Switches

Eaton's Z-Wave Plus wireless switch replaces regular switches (where a neutral is present) to provide local and remote ON/OFF control for most common residential lighting loads including LEDs and certain motor loads. Each switch can be manually and remotely controlled by commands sent from your compatible Z-Wave certified controller. Voice control is also enabled for these devices when used with a compatible controller and voice assistant such as Amazon Alexa or Google Assistant.

## Z-Wave Plus Wireless Duplex Receptacle

Eaton's Z-Wave Plus wireless duplex receptacle replaces regular receptacles to provide local and remote wireless ON/OFF control of a single outlet. Each receptacle can be manually and remotely controlled by commands sent from your compatible Z-Wave certified controller. Voice control is also enabled for these devices when used with a compatible controller and voice assistant such as Amazon Alexa or Google Assistant.

# Z-Wave Plus wireless collection

## Z-Wave Plus wireless universal dimmers

### Product description

Single pole, multi-location  
120V/AC, 60Hz

Rated for all common lighting loads—dimnable LED, dimmable CFL, INC/HAL, ELV, MLV, FLR

### Design features

- Rated for use with 300W of dimmable LED or CFL, and 600W of incandescent, magnetic low-voltage, electronic low-voltage and dimmable fluorescent
- Adjustable low-end and high-end dimming range to prevent lamp flickering
- No de-rating required in multi-gang installations
- Compatible with Z-Wave Plus accessory dimmer (RF9642-Z) for wireless 3-way control, eliminating the need for traditional 3-way wiring or dedicated traveller wire
- Can be associated with up to 5 other devices
- Programmable rapid and delayed fading up to 2 minutes (default is 10 seconds)
- Electro-mechanical push pad for ON/OFF operation with separate DIM/BRIGHT bar
- Dimmable seven step blue dimmable LED display alongside push pad indicates selected light level and reduces brightness when OFF (nightlight feature)
- Air-gap switch disconnects power from load forcing an OFF condition
- Adjustable ramp rate (up to 2 minutes) for safety and convenience
- Pressing and holding push pad for 2 seconds brings light to full brightness without affecting preset levels
- Neutral wire required for installation
- Child lockout feature
- Available in 10 different colors including metallic finish
- Supports Z-Wave Plus functionality with S2 security certification

### Product description

2-pole, 3-wire grounding  
1/2 HP, 15A, 125V/AC

5-15R

RFTR9605-TDS

### Design features

- For added safety, complies with NEC® specification that states all receptacles installed in dwelling units must be tamper resistant 
- Offers UL Listed safety shutter system that prevents insertion of foreign objects into receptacle
- Provides Z-Wave control of one outlet leaving the other one for normal use
- Ability to be controlled remotely by other Z-wave devices through association (Z-Wave Plus devices only)
- Can be wired with standard 3-way switch where traveler wire exist for 3-way
- Dimmable blue LED at center right of paddle illuminates to indicate ON/OFF status
- Patented built-in wire stripper for #14 and #12 wire to speed installation
- Patented indicator system alerts if the device is not set up in the network
- Rated for 1/2 HP motor loads
- Configurable “power ON state”
- Supports panic mode with compatible hubs
- Child lockout feature which disables local control at receptacle
- Available in 10 different colors including metallic finish
- Supports Z-Wave Plus functionality with S2 security certification

## Z-Wave Plus wireless motion sensor

### Product description

120 degree wide detection zone  
1000 sq. ft.

### Design features

- Detects motion in a space with in-built Passive Infra-red and light sensor
- When used with a compatible smart hub, get alerted on your smart phone or tablet, trigger scenes or have lights come ON automatically
- CR123A Lithium battery included with the product provides expected battery life of 2 years
- Can be mounted using included screws or double sided tape
- 120° field of view with 1000 sq. ft coverage for major motion
- Supports Z-Wave Plus functionality with S2 security certification

# Eaton's Z-Wave Anyplace Switch

Need a switch where one doesn't exist? Eaton's Z-Wave Anyplace Switch gives you the flexibility of quickly installing a switch where one does not exist - no additional wiring required. You can use Eaton's Home automation Hub or a compatible controller to associate each battery operated switch with up to (5) other Z-Wave load controlling devices or simply use without a hub. The switch comes with double sided tape and screws. You can place the switch on any flat surface or affix on a wall – truly a switch anyplace you want one!

One Switch. Many solutions.

## Easily install a Switch wherever it's needed without adding wire.

### Save time and money

Add a switch without wires

### Expandability

Compatible with other RF devices

### Convenience

Put a switch on any surface, anyplace you want

### Features and benefits

- Simultaneously controls up to 5 paired Z-Wave switches, dimmers or receptacles
- Mounts on any flat surface
- Includes 2 CR2025 batteries
- Includes 2 pieces of double-sided tape as well as mounting screws and anchors for maximum installation flexibility

Glass shower door

Kitchen backsplash

## Anyplace Z-Wave battery operated switch and combination kits

### Product description

120V/AC, 60 Hz

### Design features

- Conveniently add a switch wherever you need it - no need for additional wiring
- Can be used in combination with RF switches, dimmers and receptacles
- Can be used in existing Z-Wave network or as a stand-alone controller
- Controls up to 5 RF devices
- Eliminates the need for a separate controller
- Mounts on any flat surface
- Includes 2 CR2025 batteries
- Includes 2 pieces of double-sided tape as well as mounting screws and anchors for maximum installation flexibility
- Available in designer and decorator designs

# Eaton's Z-Wave Devices

Z-Wave provides intelligent wireless control of the light in and around your home - at the touch of a button. Set the mood for family movies, entertaining friends, or a romantic dinner to match your lifestyle. Control lighting as well as appliances to help reduce energy costs.

## Industry leading breadth of line

- Dimmers, switches and accessories
- Tamper resistant receptacles
- 5-button scene keypads

## System features & benefits

- Easy installation
- Ideal retrofit solution; no new wiring is needed
- Energy savings and comfort
- Added security and convenience inside and outside the home
- Simple and intuitive programming
- Expandable and scalable system
- Control over 200 devices locally or remotely via the web
- Interoperability powered by Z-Wave technology
- Matching Aspire designer devices and screwless wallplates

## Personalized choices

Accessorize with designer devices to complete the look throughout the home. Compliment the look of your Z-Wave wireless system with Aspire smart and slide dimmers, fan speed controls, and screwless wallplates.

## Z-Wave® technology

Z-Wave is a highly versatile and dependable RF-based home control technology that effectively transforms any component into an intelligently networked device that can be controlled and monitored wirelessly. Z-Wave products are compatible with any Z-Wave certified device. This interoperability with other manufacturers' devices provides maximum flexibility and expandability.

Each Z-Wave device functions as a repeater, using 908 MHz signals to ensure that every command is carried out. Z-Wave's "mesh network" offers extremely high performance and greater reliability than many control systems.

Eaton's Z-Wave devices offer a full array of one-touch controllers and a wide range of wiring devices that can be integrated together, creating a wireless home control network.

Best of all, installing a Z-Wave wireless system requires no special wiring or rewiring — making it ideal for retrofitting existing homes and for new home construction.

## Z-Wave wireless AL series dimmers

### Product description

Single pole, 3-way, multi-location  
120V/AC, 60Hz

Rated for common lighting loads—dimnable LED/CFL, INC/HAL, ELV, MLV, FLR

### Design features

- Rated for use with 300W of dimmable LED or CFL, and 600W of incandescent, magnetic low-voltage, electronic low-voltage and dimmable fluorescent
- Adjustable low-end and high-end dimming range to prevent lamp flickering
- Selectable rapid start feature to ensure lamp start-up at low preset light levels
- No de-rating required in multi-gang installations
- Compatible with Z-Wave accessory dimmer (RF9542-Z) for wireless 3-way control, eliminating the need for traditional 3-way wiring or dedicated traveller wire
- Can be associated with up to 5 other devices
- Air-gap switch disconnects power from load forcing an OFF condition
- Neutral wire required for installation
- Decorator and designer series products offer the same functionality with two distinct styles
- Electro-mechanical push pad for ON/OFF operation with separate DIM/BRIGHT bar
- Seven step blue LED display alongside push pad indicates selected light level and reduces brightness when OFF (nightlight feature)
- Programmable rapid and delayed fading up to 4 minutes (default is 10 seconds)
- Adjustable ramp rate (up to 4 minutes)
- Child lockout feature
- Pressing and holding push pad for 2 seconds brings light to full brightness without affecting preset levels

# Z-Wave wireless collection

## Z-Wave wireless duplex receptacles

5-15R

### Product description

2-pole, 3-wire grounding  
15A, 125V/AC

RFTR9505-TDS

### Design features

- Tamper resistant receptacles provide compliance with 2014 NEC® Article 406.12 which states that all 15A and 20A, 125V/AC receptacles installed in dwelling units must be tamper resistant
- Offers UL Listed safety shutter system that prevents insertion of foreign objects into receptacle
- TR designation on face of device makes it easy to identify at a glance
- Electro-mechanical push button located at center of device for inclusion and ON/OFF operation
- Center blue LED illuminates to indicate ON/OFF status
- Provides wireless control of one outlet leaving the other one for normal use
- Child lockout feature
- Ability to be controlled remotely by other RF devices through association
- All ON/All OFF inclusion
- Panic mode capability
- Patented indicator system alerts if receptacle is not set up in the network
- Configurable "Power ON Status" (ON/OFF/last level)
- Pre-stripped wire leads for ease of installation

## Z-Wave wireless scene control keypads

### Product description

5-Scene control  
60Hz, 120V/AC

### Design features

- Activates scenes associated with Z-Wave wireless devices and other Z-Wave® compliant devices
- Provides individual scene DIM/BRIGHT function by pressing and holding any active (ON) scene's button
- Stores up to 5 scenes for activation (ON/OFF)
- Fits standard-sized wallbox and utilizes existing 120V/AC 60Hz wiring (neutral required)
- Side button provides easy access for turning off all devices associated with scene keypad
- Blue LED provided on each button for scene status notification
- Blue LEDs provide location feature by dimming when scene has been deactivated
- Transfer function on primary controllers allows user to easily copy scene information from controller to each button on scene keypad
- Patented indicator system alerts if scene keypad is not set up in the network
- Aesthetically matches the Aspire design collection and compatible with Aspire screwless wallplates for a unified look across RF and traditional devices

# Screwless wallplates

## Coordinating screwless wallplates

### Product description

Mid-size thermoplastic

### Design features

- Available in a variety of colors to match both designer and decorator series devices
- Screwless wallplates clip smoothly into place with gentle pressure
- Clearly marked top edges make mounting wallplates easy to orient and attach
- Virtually unbreakable polycarbonate construction
- Single-gang through six-gang wallplates. Standard decorator-sized opening
- Mid-sized to cover wall imperfections and large wallboard openings
- Wallplates appear to float freely on the surface of the wall, framing every device beautifully
- Screw-Catch feature holds backplate mounting screws captive for ease of installation

# We make what matters work.\*

\* At Eaton, we believe that power is a fundamental part of just about everything people do. Technology, transportation, energy and infrastructure-these are things the world relies on every day. That's why Eaton is dedicated to helping our customers find new ways to manage electrical, hydraulic and mechanical power more efficiently, safely and sustainably. To improve people's lives, the communities where we live and work, and the planet our future generations depend upon. Because that's what really matters. And we're here to make sure it works.
